## A. A. Pennoyer, Prominent Merchant And Leading Citizen Passes Away

**Illness Caused Retirement From His Business Six Months Ago**

**Was One of Oakland's Merchant Princes and Foremost Business Men**

Albert Adams Pennoyer of the firm of Taft & Pennoyer and one of the pioneer merchants of Oakland, died at 6 o'clock this morning at his home on Bushnell Place, Berkeley. Mr. Pennoyer had been ill for the past two years with a complication of heart affections. His return from Europe in August, 1906, was signalled by a severe attack of the malady and six months ago he was obliged to retire from active business and has since been an invalid confined to his home.

**Came West in '70.**

Mr. Pennoyer came to Oakland in 1879 from Brooklyn, New York. He was then 29 years of age with a good business training acquired in a big eastern house and anxious to embark in business. For three years he lived with his cousin, Edson P. Adams. H. C. Taft had a short time before opened a small store on the corner of Fourteenth and Broadway and in 1881 the firm of Taft & Pennoyer was organized, and has continued since at the same location. The business of the house grew and the big department store at the corner of Fourteenth and Clay streets now being erected was planned a year ago because of the need of more room.

Mr. Pennoyer, when the business warranted it, became the active buyer for the firm and as such made a number of trips to Europe during the past twelve years.

**Survived by Three Sons.**

Shortly after engaging in business Mr. Pennoyer was married, the bride being Miss Virginia Edmonds, a native of Brooklyn. Three sons constitute the family. Richard Edmonds Pennoyer, Albert Sheldon Pennoyer and Paul Grades Pennoyer. They are all students at the State University.

Mr. Pennoyer was domestic in his tastes and spent the greater portion of his leisure with his family. He was a member of the Athenian Club and a charter member of the Claremont Country Club. Although an Oakland merchant he made his home in Berkeley for the past twenty years. Besides Mrs. Pennoyer and her three sons, the only relatives of the decedent in California are Edson P. and John Adams, cousins. His mother, Mrs. Julia Sheldon, is a resident of Newark, N. J.

Mr. Pennoyer was accounted a wealthy man. The business which he helped to found and which has kept progress with Oakland is considered one of the most prosperous in California.

**Death Serious Blow.**

The death of A. A. Pennoyer has caused the first serious vacancy in the

## The Late A. A. Pennoyer DIVORCE COMPLAINT TOO MUCH FOR JUDGE MELVIN Tells Lawyers to Cut It, or He Will

"A whole lot of this stuff has no place in here. I cannot spend my time looking over volumes of stuff which has no bearing on the case. There are allegations blocks long which have nothing to do with the matter before the court."

These were the statements of Superior Judge Melvin this morning, after he had listened for some time to the arguments of attorneys for and against Martin J. Madison of Hayward, who is suing his wife, Mrs. Jewel M. Madison, for divorce on the grounds of cruelty, on a motion to strike out certain parts of the complaint.

Madison's suit for divorce will rival the famous Talbot case in San Francisco, so startling are the charges made against Mrs. Madison. According to the complaint, Mrs. Madison is a "common scold," dissatisfied with everything her husband does. Many of the residents of Hayward will probably be called to testify in the case, as the Madisons have a large acquaintance there.

One of the peculiar features of Madison's allegations is that his wife has treated him as cruelly that he has become physically unable to earn any money and, as a result, has had to call upon his father for a remittance to support himself and his children. Four in number, two of whom are now attending the high school at Hayward.

Madison also alleges that his wife had neither affection nor respect for him; has been discontented with everything he has done for her; was insolent and hostile to his relatives, especially his father; and that her conduct towards him has broken his health.

After listening to the arguments for the striking out of portions of the complaint, Judge Melvin became angered at the complaint and advised the attorneys for the plaintiff and defendant to get together and arrange about striking out portions of the complaint which he considered irrelevant. The judge stated that he would make a wholesale cut of the complaint if this was not done.

## GRAND JURORS EXAMINE WITNESSES ABOUT STREETS

**City Officials and Others Give Testimony**

The Grand Jury convened this morning and took up further consideration of the charges of Harry Morse against the street department of this city, that the public utilities corporations had been allowed by the principal witnesses at the morning session. Fawcett presented city maps and pointed out the work that had been done by the corporations. He asserted that all streets have been put in the proper condition.

Edward Benjamin, a mining engineer, was the first witness called. Benjamin advised the board concerning the proper manner in which streets

should be repaired after trenches have been dug. City Attorney McElroy was asked regarding the action taken by the street department in seeing that the corporations kept the street in repair, in places where they had dug trenches.

Councilmen Elliott, Burns and Aitken were also subpoenaed to give testimony about street work. Elliott declared that he knew nothing about the inquiry, except that he could take the members of the Grand Jury and show them some streets which he believed should be repaired.

L. Delury of the Pacific States Telephone & Telegraph Company, which is complained of especially by Morse, was another witness. Delury declared that his company had made all repairs according to law and that these repairs are kept in condition for a year.

## Tobacco Factories Destroyed by Fire

LYNCHBURG, Va., April 3.—Fire early today destroyed three tobacco factories operated by T. E. Dunnington. The estimated loss is \$200,000.

## Brave Officer Dashed Into Burning Room for Child.

**Found Little One Had Suffocated in Her Bed---Rescuer Injured in Making His Escape From Flames.**

(Special to The Tribune.)

SAN FRANCISCO, April 3.—Pretty 4-year-old Rosie Oliva was suffocated to death, her mother, Josephine Oliva, was slightly injured, and Policeman J. L. Drolette was painfully hurt in a fire which broke out at 2:15 this morning in the rear of the Oliva home at 405 Green street and destroyed two frame residence structures before the department succeeded in stopping the blaze.

Just what caused the fire is not known, but a citizen passing the house saw flames shooting from the structure and turned in an alarm from box 357. Policemen Drolette and Dougherty were early on the scene and every one was thought to have been rescued from the burning buildings.

**Mother is Badly Burned.**

Mrs. Oliva was burned in fleeing from her home with her two young boys, and was taken to the residence of a neighbor at 1309 Kearny street. She thought that her daughter Rosie had been rescued by her husband and he in turn believed that all three children had been taken away by the mother. When the fire was at its hottest it was discovered that the little girl had never been awakened and frantically the father declared he would go to her rescue. Wiser heads restrained him, however, and as soon as it was practicable, Policeman Drolette produced a ladder and climbed to the second story.

**Found Baby Dead in Bed.**

He found the little girl lying as though she had not been awakened from sleep. The flames had burned her slightly but it was evident that she had died from suffocation by smoke. In getting into the building the officer was badly hurt in the leg by a heavy timber which fell upon him.

Chitano Oliva, father of the little girl, is a printer and the little family are now in destitute circumstances.

## Another Fuse Box Is Blown Out

(Special to The Tribune.)

SAN FRANCISCO, April 3.—The accident of yesterday in which five people were injured was almost repeated this morning at 7:30, when the fuse box of a McAllister street car blew out at the corner of Buchanan and McAllister streets, and caused considerable excitement among the passengers.

Fortunately there were few women on board and the men mostly kept their seats. A. C. Erskine, of 154 Grove street, however, in his excitement and haste to get out of the car, plunged his arms through a window and was nearly cut by the glass. It was thought at first that he had severed an artery and he was hurriedly removed to the Central Emergency Hospital, but Dr. Tullman found that his wounds were not dangerous.

## LOUIS B. PARROTT PASSES AWAY

**Pioneer Resident of California Dies After Illness of Ten Years.**

BERKELEY, April 3.—Louis B. Parrott, head of the big importing house of Parrott & Co. of San Francisco, died at his home, 2619 Dana street, Berkeley, this afternoon at the age of 66 years. He had been ailing for ten years.

Mr. Parrott had been a resident of California for forty years and a nephew of the late John B. Parrott, the San Francisco millionaire, and one of the largest property owners in California. Besides his widow, two daughters, Mrs. Francis McGowan, wife of the well-known artist residing in England, and Mrs. Parker Whitney, a well-known society woman in Oakland, now at Rockland, Placer county, California, survive.

Mr. Parrott was a millionaire and has been prominently identified with the banking business of San Francisco for many years. The funeral will be private.

## Evans' Condition Much Improved

PASO ROBLES HOT SPRINGS, April 3.—The physicians in attendance on Rear Admiral Evans this morning issued the following bulletin:

"Rear Admiral Evans feels greatly improved this morning. He slept well during the night and all pain has disappeared."

"P. C. McDONNOLD, M. D."

"L. E. PHILLIPS, M. D."

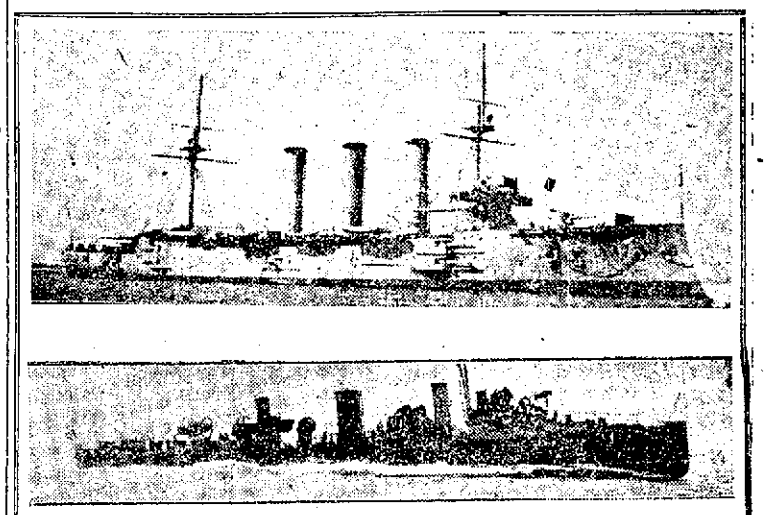

The rear admiral said today that he greatly enjoyed the hot sulphur baths to which he was taken at 10 o'clock.

## Italian Car on Way to San Jose

SAN JOSE, April 3.—The Italian car left Berkeley this morning and is expected to reach this city about 4 o'clock this afternoon.

OGDEN, Utah, April 3.—The German car in the New York to Paris race departed at 10:30 a. m. without undergoing any repairs.

## HENEY GETS 36 LOST AS STINGING ATTACK WARSHIP SINKS

**Ach Declares Ruef Is Being Persecuted by Men Who Have 'Squeezed Him Dry' of Information.**

**British Torpedo-Boat Destroyer Cut in Two by Cruiser During Night Maneuver Without Lights.**

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 3.—The so-called graft prosecution and particularly Francis J. Heney and his methods and practices, came in for a bitter denunciation at the hands of Attorney Henry Ach, chief counsel for Abraham Ruef, in the course of a ringing speech made in behalf of his client in connection with the motion to withdraw the plea of not guilty in the Parkside case now on trial before Judge Doelling.

Over one hundred law books rested upon the table of the defense and some seventy-five were arranged in order before the prosecution when the proceedings opened. Attorney Ach, making up his argument from where it was left yesterday, immediately took up the subject of Ruef's immunity contract and drew numerous illustrations and authorities in support of his contentions.

**Denies Seeking Delay.**

He said in part, "Although my learned associate, Mr. Murphy, in his speech yesterday, which I listened to with the closest attention, cited many authorities in support of this defendant's right to withdraw his plea, counsel on the other side advanced no authorities against his contention. What counsel did say was that we were presenting a technical proposition and he contended that we had waived our rights and were seeking to delay the trial."

"No counsel on this side is not seeking to delay the trial of any case, which can ever come to trial, but they are seeking to save this county and this State the expense of a trial when we hold should never occur."

**Immunity Contract.**

"We will show to this court, and I now contend that the indictments against this defendant must be set aside, because of the state of mind of some of those grand jurors before whom he testified. He was taken before the grand jury and there testified by reason of a bargain entered into by the judge."

## Continue Gas Trust Bribery Cases

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, April 3.—Judge Lawlor this morning continued the cases against John Martin, Eugene De Salda, Frank Drum and Abraham Ruef, indicted for the alleged gas trust bribery, until May 8.

Attorney Frank Murphy, representing Ruef, stated that he had no objection to the continuance, but reserved the right to move to set aside the indictment, as was being done in indictment 822.

PORTSMOUTH, England, April 3.—Thirty-six men, including Lieutenant Middleton, the commander of the torpedo-boat destroyer Tiger, lost their lives in the collision off the Isle of Wight last night between that vessel and the British cruiser Berwick.

The vessels belong to the Portsmouth division of the British home fleet and were engaged in night maneuvers in the channel while on their way to Portland. The night was very dark and the Berwick was steaming slowly. When the destroyer attempted to cross the big cruiser's bow she was caught amidships and cut in half with knife-like precision, sinking almost immediately.

The deck crew, who were dressed in heavy oil skins and boots, went down with the vessel, not having time to free themselves from these heavy encumbrances. Of the twenty-two men who were rescued most of them were engineers and stokers, who, having light clothing, were able to keep themselves afloat until boats from other ships, which were immediately launched, picked them up.

The collision occurred at 8:10 o'clock last night. The ships were maneuvering without lights. It is believed that several of the men were killed by the impact. Tugs were dispatched to the scene of the disaster at daylight today and divers made an attempt to recover the bodies of the men who were drowned.

**In Mimic Battle.**

The smaller naval vessels were in the midst of an attack on their bigger consorts when the disaster occurred. The entire fleet was under masked lights in absolute darkness and the Tiger was

### Taking of Testimony in Divorce Suit Begins; Valet on Stand.

NEW YORK, April 3.—David McClure, the referee appointed to hear the case of Mrs. Alfred G. Vanderbilt, who has brought an action believed to be for absolute divorce, has begun taking the evidence. The first witness called before the referee was Howard Kempster, who was the valet of Cornelius Vanderbilt and who became valet for Alfred G. Vanderbilt when the latter became the head of the family upon his father's death. He testified at some length yesterday and was expected to be on the witness stand again today, but as the hearings are conducted behind closed doors the nature of his evidence is a matter of conjecture.

### Valet Confidential Man.

It is said that Kempster has enjoyed a position with Mr. Vanderbilt considerably more confidential than that of the ordinary valet; and the fact that he was left behind as a witness when his employer sailed for Europe is taken to indicate the taking of the evidence will proceed rapidly and that the hearings will reach an early conclusion.

This is said to be in accordance with the wishes of all concerned, including the immediate relatives of both Mr. and Mrs. Vanderbilt. No member of the Vanderbilt family has as yet attended the hearing, but it is believed that Mrs. Alfred G. Vanderbilt will be called to testify to the date of her marriage. This is expected to be the extent of her testimony.

### Child's Custody a Question.

The custody of the six-year-old son of Mr. and Mrs. Vanderbilt is expected to be one of the questions which the referee will have to decide. It is understood that Mrs. Vanderbilt insists that the child be left in her charge, subject to such restrictions in the matter of parental visits as the court may see fit to impose.

The principal question at issue is said to be the amount of alimony to be paid by Mr. Vanderbilt. It is reported that Mr. Vanderbilt has consented to the payment of a lump sum of \$1,500,000, and that if this is accepted as satisfactory his defense will be of a passive character, but that if it is rejected the action will be actively contested.

### Grounds Not Public.

The ground upon which Mrs. Vanderbilt's suit is brought has not been made public. In that connection it is said that Mrs. Vanderbilt might have brought action for divorce in Rhode Island, where she was living, upon any one of several grounds. Any action for divorce in New York must be based upon the statutory cause.

## TWO COMPANIES FILE INCORPORATION PAPERS

Articles of incorporation were filed at the County Clerk's office this morning by the Sunset View Cemetery Association, which is to establish a cemetery in Contra Costa county, having a tract of land 850 acres in extent. The directors are E. M. Lynn, S. A. Myrle, Frank C. Watson and R. S. McHenry of this city and H. J. Carr of Martinez. The principal place of business, the articles state, will be in this city. There is no capital stock.

The Sunset Publishing Company has also filed articles of incorporation, the incorporators being Philip R. Keene and John Aubrey Jones of Fruitvale and Frank M. Dake, Kirby R. Smith and George Ingraham of Melrose. The capital stock of the corporation is \$25,000. The principal place of business is Alameda county.

## COUNTY RECORDS ALWAYS OPEN TO THE PUBLIC

### Neither Supervisors or County Expert Ever Denied Right of People to Scan Bills.

The finance committee of the Board of Supervisors is being charged by a local paper with refusing to allow some cub reporter access to the public records. The charge is so ridiculous that even those who do not understand county business are compelled to laugh.

Supervisors Horner, Bridge and Kelley, composing the finance committee of the board, never refused access to the public records to anybody because they never had the power to do so. At the meeting of the committee a few days ago a cub reporter insistently demanded that the committee order the county expert to give him the amount of outstanding claims. It was impossible to give this information because the claims vary from day to day.

Expert Sabin so informed the young reporter and so told the finance committee. The incident was really so small that the Supervisors paid no more attention to the matter. Now comes the cub reporter and his newspaper howling about being denied the right to see the public records. The whole hue and cry about the matter is a joke and would make a farmer laugh.

## WOULD LIKE TO SERVE PEOPLE

### Candidates Are Now Beginning to Make Their Campaign Announcements.

In political circles many names, other than those which have already been published, are being connected with nominations for offices in both the city and county.

Councilman Harold Everhart, who, in every day life is connected with the Oakland Adjusting Company, is an aspirant for the position of city treasurer with the purpose of succeeding the present incumbent, Edwin Meese, when the latter's appointive term comes to a close in March of next year.

Frank Bilger of the Oakland Paving Company and the Blake-Bilger Company has been mentioned as a candidate to oppose John Mitchell as supervisor. He has not, as yet, however, formally made the announcement of his candidacy. Neither does he know to a certainty that he will make the run. He says, however, that if matters could be so arranged that the Republican nomination would be tendered to him without requiring him to form combinations and otherwise contrive to secure the prize, he would certainly accept the same.

E. F. Garrison, deputy city assessor, is also being mentioned as a candidate for the same position.

Harry Richter, who is an attorney and who, for a number of years, has been stenographer to the coroner, has an eye on the assembly nomination in the Fifth District.

George Gage, son of Stephen Gage, formerly one of the best known political managers of this state, desires to compete with Pulifer and several for the assembly nomination in that district.

Morris Dooey, deputy city assessor, is a candidate for member of the Board of School Directors from the Sixth Ward.

William Raffeto, deputy city treasurer, would like to represent the Forty-eighth assembly district in the assembly at Sacramento.

## POSITION LOWERED; COMMITTS SUICIDE

WINOLE, April 3.—One week after he had been reduced from the position of head bookkeeper to that of a laborer in the yard at the Pinole Powder Works, Henry Boynton, thirty years of age, shot himself near the heart in the rear room of a Pinole saloon, and died soon after. He had grown despondent after his reduction, losing a position paying \$200 a month to become a laborer at only \$75, and took his life, his friends say, because of this.

He was found lying on the floor, unconscious, and lived only a few minutes.

Boynton was not married, and supported his mother and sister, both of whom live in Pinole.

## FATALLY INJURED ON STREET CAR

### Brother of San Francisco Politician Thrown From Car on His Head.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 3.—Robert Maestretti, a brother of Frank Maestretti, the well known local politician and former public works commissioner, was fatally injured at 2 o'clock this morning by being thrown on his head from a Sutter street car at the intersection of Polk street.

According to other passengers, Maestretti was on the rear platform of the car near the steps, and when it started suddenly, after stopping at the cross street, he lost his hold and was pitched heavily on his head. Policeman P. M. Kiesebe, who was standing near, summoned an ambulance and had him conveyed to the Central Emergency Hospital, where it was found that besides an extensive lacerated wound of the scalp he was suffering from a fracture of the skull.

His condition is very serious and it is doubted whether he can recover.

## REPUBLICANS TO HOLD UNOFFICIAL PRIMARIES

SAN FRANCISCO, April 3.—General George Stone, chairman of the Republican State Central Committee, has announced that unofficial primaries are to be held this year on Tuesday, May 5, in every county of the State, to determine popular sentiment regarding candidates for the Presidency of the United States.

## 3000 CATTLE STAMPEDE DURING \$1,000,000 FIRE

### Firemen Lose Ground Before the Flames

PEORIA, April 3.—A fire that broke out in the mill at Corning & Co.'s distillery at 1:45 a. m. was raging at 9 o'clock and from present indications the entire plant, including the two immense bonded warehouses, elevator, cattle yards and store houses will be wiped out. The firemen are losing ground.

Several explosions occurred during the progress of the fire and endangered lives, but no fatalities have been reported.

At 4 o'clock this morning 50,000 gallons of spirits in the still plant were consumed as a result of an explosion in the warehouse. A stampede of 3000 cattle occurred shortly after the explosion and the cattle ran at large in the railroad yards.

The damage so far is placed between \$750,000 and \$1,000,000.

suddenly struck squarely amidships by the Berwick. The sharp stem of this vessel cut the destroyer in two as if she had been made of paper. The forward half sank instantly. Most of the men sunk before help could reach them. The warships in the immediate vicinity quickly had their boats overboard and the scene of the tragedy was brilliantly illuminated by a concentration of searchlights. The after portion of the Tiger floated for a minute or two, but long enough to enable those on board to seize life belts. They threw themselves into the water and were able to keep afloat until picked up.

Lieut. W. E. Middleton was on the bridge at the time of the disaster and went down with the forepart of the ship. The Tiger had a complement of 55 men and was of 400 tons.

## ANNOUNCEMENTS

### HIGH CLASS GOODS UNMERCIFULLY SLAUGHTERED

In these days of removal, bankrupt and creditors sales it is decidedly hard to separate the wheat from the chaff nor is it an easy task to determine whether the goods or the customers are unmercifully slaughtered. However, in this connection the sale which will be inaugurated by R. T. Noble under the pioneer firm name of J. A. Joyce Co. tomorrow morning at the old stand on Washington street bids fair to go down in the annals of merchandising as the most remarkable price cutting sale ever pulled off in Oakland. Mr. Noble has recently purchased this stock from the San Francisco Board of Trade and THE TRIBUNE man had an inkling yesterday of the ruthless slaughtering of prices which will prevail to clean out the stock. When the statement is made that this store full of good honest reasonable merchandise must be sold out at once to satisfy the creditors the value that are offered will be without a parallel in the city.

The busy housewives of Alameda county will be out in force tomorrow and it behooves them all to get an early start for when J. A. Joyce advertises a sale under normal conditions the purchasing power of their dollars are largely increased and now with a sale of this character on the boards in one of the oldest and most reliable merchandise houses in the city the thrifty buyer will well know that it is a sale they can all afford to miss.

## SWEARS COMPANY PAID U. S. SAILORS

### Electrician Makes Affidavit That Boat Company Also Paid Men Wages.

WASHINGTON, April 3.—Representative Geo. Lillie of Connecticut, author of the resolution under which the special committee of the House is investigating charges against the Electric Boat Company, placed in evidence an affidavit dated March 12 and signed by Samuel Ferguson, residing in Bridgeport, Conn., who swore that during the fall and winter of 1902 he had served in the navy in the capacity of chief electrician, and that during that time he served upon several submarine torpedo boats owned by either the Holland Torpedo Boat Company or its successor, The Electric Boat Company, and none of which were owned by the United States Government and that many of the crew of these submarine torpedo boats were sailors in the United States Navy, receiving pay from the United States Government, and in addition thereto received wages from the Holland Company.

This statement was offered in substantiation of Mr. Lillie's charge that the Electric Boat Company had paid money to enlisted men.

Another Damaging Affidavit.  
Mr. Lillie also presented an affidavit from John C. Lake, vice-president of the Lake Torpedo Boat Company, dated Bridgeport, Conn., March 16, to the effect that about two years ago he had an interview with Charles Barry, a representative of the Bridgeport Brass Company, in which Barry told him that President Bowles of the Fore River Shipbuilding and Engine Company had asked him (Barry) to use all influence possible upon a Connecticut congressman to induce him not to use his influence in favor of the Lake Company, and to use it in favor of the Electric Boat Company. If he was successful in this, the Fore River Company would make contracts with the Bridgeport Brass Company for goods to the value of about \$100,000.

Mr. Barry in his testimony before the committee Wednesday denied that President Bowles had made him any such proposition of that he had ever promised him an order for seeing any one.

**AESTHETIC VIEW OF CONCRETE.**

At a recent meeting of the American Institute of Architects, says Cement Age, one of the speakers stated in that in most of his work, the architect has to content himself with an intellectual substitute for real feeling, and his conscious delight is rather intellectual than emotional as the preliminary plan and elevation. His fingers may itch—they do itch—to feel the flow of the mass, but the feeling remains abstract and intellectual. Therefore, certain architects, if not indeed the architectural body in general, are viewing with keen interest when not actively aiding, the development of the possibilities of the fairly new and altogether plastic medium, reinforced concrete; a medium which really does flow and is molded, and through which the form appears in gracefully unfolding stages till the final mass stands revealed, a veritable unit. One cannot in thought connect with this materialization the shock of unloading beams, the rattling of musketry of riveting, the petty and fussy application of fireproofing and surface-coating. In fancy, as almost in fact, the architect sees the flowing mass take form under his own hands.

## A. A. PENNOYER DIES AFTER 2 YEARS' ILLNESS

(Continued from page 1.)

large commercial and social family which has come into existence through the establishment of the well-known dry goods firm of Taft & Pennoyer, of which he was one of the founders. There is not a member of the co-partnership, from the originator of the enterprise, H. C. Taft himself, to the humblest attache of the house who does not feel keenly the passing of Mr. Pennoyer.

This may be considered remarkable when it is known that for the last two years, in a special manner, there was no time at which the death of Mr. Pennoyer, if it had taken place, would have caused surprise.

In fact, for a number of years back, a great deal of the time Mr. Pennoyer has spent, in company of his family, in touring and visiting springs abroad in search of health which had been impaired by a variety of circumstances, but more especially by a perhaps too zealous attention to the details of an exacting business.

Mr. Pennoyer's death will in no manner affect the permanency or the stability of the well-known firm. Business will be conducted at the present stand until about October of this year, when the stock will be moved to the firm's own building, which is now in course of construction at the corner of Fourteenth and Clay streets, which is to be in every way a model of its kind.

**Feels Loss of Partner.**

In conversing with THE TRIBUNE reporter today regarding the passing of his friend and partner, H. C. Taft showed that he realized the loss he had sustained. He spoke of the deceased in the most appreciative manner, dealing in facts and reminiscences.

"I have been in business in Oakland," he said, "during the last thirty-two years and during twenty-eight years of those I was associated with Mr. Pennoyer. He was an honest man, a trustworthy partner, a true friend and a Christian gentleman. I feel his death keenly, though not so much as I doubtless would if it had taken place suddenly. For at least two years we felt that it might take place at any time. I just saw him a week ago. He had then partially lost the sight of one of his eyes. Still he was hopeful that he would get well, but we all knew that that was impossible. But he was cheerful to the last and was

always hoping to be able to return to business.

**Of Old Adams Family.**

"Mr. Pennoyer was of excellent family in the eastern part of the country. His people were connected with the family of John Quincy Adams, who was a President of the United States.

"Mr. Pennoyer first came to California for the purpose of paying a visit to his uncle, Edison Adams, the father of Edison F. and John Adams. His home at the time of his visit was in Chicago, where he was connected with the great dry goods firm of J. V. Farwell & Co. That firm was under the management of a gentleman who took great interest in church matters and sought to have in his employ only men of good moral character. Mr. Farwell was so esteemed by the Y. M. C. A. in Chicago that the large hall of the organization was named for him. Connection with that house was a good recommendation to Mr. Pennoyer, although, as I say, he had not come here for the purpose of establishing his home. But circumstances shaped themselves otherwise and as a consequence Mr. Pennoyer concluded to abandon the East and here take up his abode.

**Firm Started in 1880.**

"Mr. Delger had just put up this block, which extended then, as it does now, between Thirteenth and Fourteenth streets. I rented the first store in the block and I have been in the building since. That was in October, 1876. I was alone for four years. In 1880 Mr. Pennoyer became associated with me. The firm name is the same today as it was then. Mr. Pennoyer had a two-fifths interest in the enterprise. Today the firm has practically eleven stores under its roof and does a business in the vicinity of \$2,000,000 a year. The firm had been one of the most successful on the coast and to this success the efforts of Mr. Pennoyer have contributed in a manner which will never be forgotten.

"In 1894 the firm was incorporated and the last list of directors comprised H. C. Taft, A. A. Pennoyer, R. S. Phelps, C. G. Monroe and J. M. Taft. The first mentioned was president, Mr. Phelps vice-president and Mr. Pennoyer was secretary until he became seriously ill, when the duties were performed by J. M. Taft. The general manager is C. G. Monroe, who has been connected with the firm for twenty-seven years. There are eight clerks in the store who have small holdings of stock in the company, but it is

not necessary to mention their names in this connection.

"When I established here this was the only dry goods store north of Ninth street and people thought the place was out of town.

**Trips to Europe.**

"Mr. Pennoyer has been seriously ill for six months, but he has not been really well for five years. He has made repeated trips to Europe, I think four times, and on some of those trips he has remained eighteen months. That was the duration of the last trip, and on it he was accompanied by his wife and family of three sons, all of whom received more or less of their education abroad. On that trip he sought relief in the baths in Naumheim. The trip before that was taken about three years previously, and on that occasion he remained abroad about a year. Five years ago he stayed abroad about six months, and two years before that he spent seven months touring the continent.

"Mr. Pennoyer worked until he had to go home. He frequently forgot himself in his desire to attend to the affairs of the firm, regardless of the efforts we made to induce him to take a rest.

**Great Interest in Firm.**

"He was greatly interested in the new building which the firm is erecting. He often gave expression to the hope that he might be permitted to live to move into it with the firm, but it was wished otherwise and his desire could not be gratified.

"Personally Mr. Pennoyer and myself got along splendidly. We were not only partners but also friends. He had charge of the affairs of the office while I looked after purchases, and a more competent man in his sphere could not be desired. He was sharp to find out and reward the good points of an employee and he was no less acute in discovering traits which we did not desire in our employees. The relations between him and the other members of the firm and all the employees were always of the most pleasurable character.

"Mr. Pennoyer was a great lover of reading, and an admirer of art. He possessed other kindred qualities which tend to the establishment of good, pure and happy homes.

"He was also a religious man. He sought to be a thorough Christian and when he resided here he was a vestryman in St. Paul's Episcopal Church and after his removal to Berkeley he became connected in the same capacity in St. Mark's Church of that place."

**WOMAN MAKES CONCRETE BLOCKS.**

Mrs. E. M. Barrett of Austin, Texas, is said to be the only woman concrete block maker in the world. She has made a study of the cement and concrete industry, and knows it thoroughly in all of its details. In addition to being a cement worker, Mrs. Barrett is at the head of a school for defective children. She made with her own hands the blocks that were used in the construction of her school building, says Cement Age. She is now preparing to make blocks for barns, sheds, outhouses of other kinds and fences upon

her farm near Austin. She says she is convinced that concrete is the coming building material, and it will prove to be the poor man's salvation, particularly in the semi-arid region of the Southwest, where other building material is scarce and high priced. Mrs. Barrett has been conducting a campaign for education in the use of cement among the farmers. She urges that concrete construction should be adopted upon every farm. At a recent meeting of the Texas Farmers' Congress she gave a demonstration in concrete block making and the various uses to which the material could be put upon the farm. She delivered a lecture to the assembled farmers, in which she pointed out that they could, with the exercise of proper energy, make concrete material and mortar upon their farms and build their own dwellings, barns, chicken houses, fences and other improvements at far less cost than if stone or lumber were used. She stated that the necessary materials that enter into concrete construction are nearly all found upon the farm, and that the farmers themselves could do the blockmaking and the construction work, thereby saving the expense that would have to be borne if the work were done by professional contractors and builders.

# SEMINARY TO GET NEW THEOLOGY PROFESSOR

Young Man From Yale Will Be Installed at Closing Exercises.

BERKELEY, April 3.—In addition to the usual exercises signaling the close of the year's work, Pacific Theological Seminary will formally install a new member of the faculty. On Monday next, April 6, at eight o'clock p. m., at the First Congregational Church, Berkeley, Professor George Dewitt Foster, Ph. D., will be inaugurated into the professorship of New Testament Literature and Exegesis in the Seminary. President John K. McLean will conduct the formal inauguration ceremony, following the reading of a paper by Professor Foster on "The Kingdom of God in the Teaching of Jesus." Other parts in the exercises will be taken by Professor Chas. S. Nash and Professor William F. Bate of the Seminary. Greetings will be extended by the new instructor from the Alumni, by Rev. L. D. Rathbone, from the other theological schools of the vicinity by Professor J. C. Lincoln; from the local churches and ministers, by Rev. R. C. Brooks; and from the University of California, by Professor A. F. Lange. Mr. Foster has been teaching at the Seminary since August 1 of last year, when he arrived in Berkeley from Yale University with which institution he had been connected. He has been prominently identified with the local Sunday School work since coming here.

# HILL ASSURED OF WARM RECEPTION

German Ambassador to France Receives New Representative With Cordiality.

PARIS, April 3.—Dr. and Mrs. David Jayne Hill met Prince Radolof, German Ambassador to France, and the Princess Radolof, at the reception given by Ambassador White yesterday afternoon. Both the Prince and Princess manifested particular cordiality toward Dr. Hill, the Prince assuring him that the reception accorded him as American Ambassador in Berlin would be all the warmer on account of the unfortunate incident of his acceptance at the German court.

Dr. and Mrs. Hill will return to The Hague on Monday. Dr. Hill does not credit the rumor that he is to replace Whitlaw Reid as Ambassador to Great Britain. The impression here is that the Hill incident will help the movement in Congress for the purchase of building residences for the American Ambassadors abroad.

of this court and the judge of another court of equal jurisdiction we contend, and that he took the same steps and motions as the other defendants, merely as a formal matter, and as to the fact that he was not to do all the prosecution wanted and after he had met all the requirements asked of him, what happened? He heard the prosecution say "nothing doing." We squeezed you dry, we have all we wanted and we are going to send you to the State prison for the rest of your life.

Alleges Persecution. "The conditions are as the defendant claims, there has never been a time, even in the day of Jeffers, when the defendant has been oppressed as was this defendant. "He was taken before the grand jury by his owners, and now he is told he is to go into two matters in an American court of justice because Francis J. Heney says he has waived his rights, he has thrown away, he has burned it. I cannot sleep because he came into court thirteen days after the repudiation of the immunity contract and said 'not guilty.' "The session was filled with lively retorts and witty repartees between Heney and A. H., which was taken in extreme good nature by the court, and in several instances even joined in by him.

# Don't Court Disappointment--Choose Now for Easter

FOR your own sake, as well as ours, give early thought to your Easter shopping. As each day of the next two weeks passes the rush of business will increase. We all know what that means, less opportunity because of depleted stocks; less time in which to make necessary alterations; less of a guarantee of perfect satisfaction. Therefore, we say with much earnestness--shop NOW.

Spring's Newest Designs in Young Ladies' "Piccadilly" Suits  
The most important feature of the always popular 'Piccadilly' garments is the tailoring. This is especially necessary in the garments for the young miss, since her undeveloped proportions demand that the grace of line and curve be moulded prominently into the garment. From the most inexpensive to the most costly, you may be certain that every Piccadilly garment is correct, even to the little details. The picture shows one of the newest Piccadilly models which comes in plain colors and mixtures. Prices \$18.75, \$23.50 and to \$32.50

Two weeks only remains in which to select Your Easter Hat  
A stylish, self-satisfactory hat cannot be designed and built in a few minutes. It requires time and we earnestly advise you to approach this pleasing task right away if you would be immune from disappointment. The millinery workrooms are busy now and each day their activity is increasing. Come in at once and make your selection, and on Easter morning you will thank us for this advice. Stunning dress hats representing hundreds of this season's cleverest ideas which our milliners have acquired from at home and abroad are priced— \$7.50, \$8.50 and to \$50.00  
The effectiveness and good values of our trimmed and walking hats has already been fully recognized by the ladies of this community. Additions are being made to the display daily and this stylish headwear is priced— \$5.00, \$6.50, \$7.50

Spring's Magnificent Display of Children's Lingerie Hats  
Here is beauty and novelty, indeed. The scores of pretty Lawn and Lingerie hats for children only reached us this week and exceed in variety any display we have ever made. This pretty headwear would make anybody enthusiastic. The many new effects in Children's hats are trimmed with lace bows and rosettes, bunches of dainty baby roses, satin ribbons of different colors, lace edged ruffles, etc., while there are scores of absolutely new effects in the embroidered hats. Children's plique hats prettily trimmed, are priced— 85c, \$1.00 and to \$2.85 Embroidered lawn and Lingerie hats are priced— \$1.25, \$1.50 and to 9.00

Becoming Veilings  
There seems to be no end to the different meshes and designs of new veilings. The early Easter showing is so comprehensive that all colors, all meshes and all sizes of dots can be selected in the many grades, which range from 25c to \$1.75 Yard  
Fancy veils and hat drapes to satisfy everybody; grades from 85c to \$6.00 Each  
The useful extra long auto veils in proper shades are priced— \$1.00, \$1.25 and to \$6.00 Each

A Great Value in Spring Walking Skirts Special \$7.50  
This is a skirt of the regular \$10 grade. It comes in 3 models, 2 are plaited and trimmed with self-folds, another is a full flared design. The material is a splendid quality of Panama, and colors are black, blue and brown.

The Correct Belt

An every-day necessity to the stylish woman is a Silk Petticoat  
It naturally follows that every woman would prefer a silk petticoat that is guaranteed and that is why our superb line of guaranteed S. H. & M. silk petticoats has to be replenished nearly every week. The Spring line displays over a dozen new styles and all the seasonable shades—and in that wide variety it would be very remarkable if your exact taste cannot be satisfied. Prices \$6.50 \$7.50 and to \$16.50

Waist Novelties  
After our many successes in past seasons, it is unnecessary to mention the regular lines of white waists. We would especially emphasize the fact that this is a year of novelties in Shirt Waists and our Eastern connections are shipping us something new every day in high-grade lawn and lingerie waists. Exclusiveness in general effect is the chief feature of these novelties, and prices range from \$2.50, \$3.00, \$3.50 and up to \$16.50

### CROP OUTLOOK SPLENDID IN ALL PARTS OF STATE

#### Several Sections Suffer From the Frost

The crop conditions in Alameda county were never more promising than today. The apricots have budded and the cots are forming rapidly. The cherry crop promises to be one of the best. Plums, peaches and prunes are well advanced. Vegetables are exceptionally early. Although there was never a question about the crops in this county being the best in years. Berries are in abundance. The season is early.

#### SACRAMENTO

##### Valley and Foothills to Produce Great Fruit Crops.

Reports coming in from the various fruit districts in the Sacramento valley show that very little damage was done to the crops by the recent frosts. In Placer and Butte counties the damage was done to the crops in the lowlands and this is in no way serious. Experts declare that reports are that the fruit crop of the valley and foothills will be the greatest in years.

#### STOCKTON

##### San Joaquin County Grain Interests Feel Need of Rain.

The need of rain, particularly on the west side, is beginning to be felt by the grain interests. A fall of one inch would give San Joaquin county an immense yield, though the acreage is not so great as in former years. Crops are becoming more diversified yearly and, while grain is in need of rain, the fruit and vineyard interests have a splendid outlook for record-breaking crops. As the trees put forth their protecting foliage, the danger of damage by possible late frosts is lessened. On the whole, the outlook for large crops at this end of the San Joaquin valley is bright.

#### SAN JOSE

##### Three Nights of Frost Damage Apricot Crop.

Three nights of frost during the present week damaged the young apricots seriously in the vicinity of Campbell and some other localities, while other valley sections and the foothills escaped altogether. No other fruits were damaged. Prune, apricot and peach crops promise to be abundant, and a good crop of Bartlett pears, apples and plums is expected. Hay and grain crops look well, but must have rain very soon or a light crop will result. Pasture for stock is plentiful. On the whole, the crops of the entire valley never were more promising.

#### FRESNO

##### Late Frost Plays Havoc With Grapes and Apricots.

While the late frost raised havoc in certain quarters, the Muscat raisin crop is little damaged and the prospect is for a good average yield. The wine grape crop is probably damaged from 10 to 15 per cent. The apricot crop is the worst sufferer, being damaged about two-thirds. Peaches will yield a big crop. Seedless varieties of raisins are damaged about 60 per cent and the yield will be poor. Malaga shipping grapes are badly frozen and will yield a light crop.

Grain crops still promise a good yield but rain must come quickly, otherwise the grain will be burned up. No rain has fallen for a month and many farmers have been unable to plow their vineyards.

#### LOS ANGELES

##### Expect Big Yield of Early Fruits and Garden Truck.

Indications throughout the southern section of California are reported as favoring a most promising crop of fruit and vegetables, although frost during the next three weeks may still do material damage. Produce of all kinds has developed rapidly under the influence of warm weather and fruit promises to ripen early. The absence of heavy rains for several weeks past will affect the grain crop in this section and the production will probably be short. In all sections where dependence is placed upon irrigation there is expectation of a bountiful yield, particularly of the earlier fruits and market truck.

#### SAN DIEGO

##### Must Have More Rain Within Ten Days.

Present crop prospects are almost all that could be wished, though in Southern California so much is dependent on rain and climatic conditions that nothing is sure until harvest. The grain is in better condition than it was a year ago. Harvest will begin about the middle of May. Early sown grain can get along without much more moisture, but late sown grain will need more rain inside of a week or ten days. The first new barley may be expected about the 20th to the 25th of May. The acreage in grain is slightly larger than last year—less wheat and considerably more barley.

## STRIKES AND RIOT PREVAIL IN ROME

General Walkout Is Proclaimed Because of Shooting Done by Troops.

ROME, Italy, April 3.—A general strike has been proclaimed as a protest against fatalities in connection with the disorders on the streets here yesterday when the troops fired on and killed three rioters and wounded fifteen others, four of whom were mortally injured. The strike so far has not been very successful in the center of the city. Most of the shops are open, although shutters have been up in the buildings as a protection against possible riots. The government has taken energetic action to restore order and the whole garrison of the city is being kept in readiness.

Several demonstrations occurred during the day but these were rapidly broken up by the troops who with fixed bayonets charged upon the disturbers and forced them to disperse. Seventy anarchists, who had gathered at their headquarters, were surrounded by troops and taken into custody. By noon the movement had become more general. ## TALKS TO SPIRITS; THEN ENDS LIFE

She Makes Will and Drowns Herself, Fearing to Die in Poverty.

ST. LOUIS, April 3.—The dead body of Mrs. Elizabeth Highfill, 62 years old, a fortune teller, was found in an artificial lake in Lafayette Park this morning. She had committed suicide. Yesterday Mrs. Highfill informed several of her friends that she had received a communication from the spirit world to the effect that she would die in poverty unless she took her own life. They thought she was joking and so did not take the matter seriously, even after she drew up a will and had William Gummehelmer sign it as a witness.

## ROB ROOMMATE OF CASH AND PAPERS

Two Teamsters Arrested by Police With Goods on Them.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 3.—Alexander Jewell and David F. Lincoln, two teamsters living at the hotel at 1123 Folsom street, were arrested early this morning by Corporal Coulter and Policeman J. L. Farrell and charged at the southern station with burglary.

The crime for which the men were arrested was the robbing of the room of John F. Henning, who lives at the same house, last night. When Henning returned home about midnight he discovered that a tin box containing valuable papers and \$58 in cash had been stolen. He reported the matter at the police station and on investigation the officers discovered that the men had been seen emerging from Henning's room by Miss Lottie Polz, who also lives in the house.

When the officers entered the room of the men they found the money and tin box concealed in the light well and accordingly placed them under arrest.

## Talks on Teeth

By THE REX DENTAL CO., Incorporated.

### An Eminent Dentist Praises Alveolar Method

Testimony in support of the Alveolar Method of supplying missing teeth without the use of plates or bridge work—as it is commonly done—continues to pour into all three offices of The Rex Dental Co.

There is no stronger or more convincing advertising than that which comes from grateful patients. A letter such as that which we are going to read is worth a great deal to us, and to you, if you are suffering from the effects of ignorant dentistry. Nothing but merit could induce such a distinguished man as DR. A. T. EMERY to write such a letter and then allow us to publish it.

It is another triumph for the greatest discovery in dental science, as the Alveolar Method has frequently been styled. Read this letter:

Los Angeles, Cal., March 25th, 1908. The Rex Dental Co., Los Angeles, Cal.

Gentlemen: Being a dentist myself and in practice over 40 years, naturally I was somewhat skeptical about your Alveolar Method, but when I called and had it explained to me I could see the reason for the new way of putting in partial plates without the aid of a plate or bridge.

I only had four teeth on my lower jaw and they were all in front. Not having any on either side, I felt your work would not be a success, but you were so thorough with your diagnosis and explanation that you convinced me even as a dentist that you had something of value and I gave you my case and watched each step with a great deal of care.

The work when completed astonished me, and when placed in my mouth I knew it would be a success, and it has proven so and with my experience I feel I know.

Thank you, gentlemen, for what you have done, and use my name as reference where and when you please.

Yours truly, DR. A. T. EMERY, 1349 West Fifth St.

There are tens of thousands of just such cases as Dr. Emery's on this Coast. Thousands of people haven't tasted the food for years because the partial plate interferes with the sense of taste. How much more evidence do you want, if you are a plate victim? What else shall we offer to bring you up to the point of paying us a visit? You have nothing to fear. We won't hurt you. The work does not call for any cutting or boring into the gums.

It isn't tedious. It is no more expensive than any first-class dentist would charge you for first class work, provided he could match it, which he cannot do, for the system is ours. Isn't it worth a half hour of your time to find out if you can have all your missing teeth put back in your mouth, without a plate? We won't ask you to agree to have any work done. Not an obligation of any sort. You shall decide for yourself.

Why don't you come in today, or the very first day you are near our offices? If you live too far to call, do the best thing and send for book, "Alveolar Dentistry," which is free to you for the asking. It's a great book you will enjoy reading it today.

## Judge Ogden's Vindication.

The Supreme Court has completely exonerated Hon. Frank B. Ogden, one of the Judges of the Alameda County Superior Court, from an unjust stigma placed upon him many years ago by an ex parte finding made at the instance of a malicious litigant. In this community where Judge Ogden has so long resided and where he has been so continuously and so highly honored the tardy vindication of the Supreme Court was entirely unnecessary, but it is nevertheless gratifying that a blot placed by judicial carelessness on the name of an upright and highminded citizen should at last be removed after rigid scrutiny by the highest tribunal in the State. Years ago a committee of the Alameda County Bar Association made a thorough investigation of the case in which Judge Ogden's integrity was impugned and found that he had been most unjustly and causelessly aspersed. The Judge who presided in the case and the attorneys opposed to the side on which Judge Ogden appeared as a witness, united in declaring him guiltless of the slightest suspicion of wrongdoing, but the aspersion remained a matter of record till the Supreme Court took the matter up as an act of simple justice and unanimously exonerated him. Judge Ogden's career in Alameda county has been a triumphant proof of his rectitude. His admirable record as a police magistrate caused him to be elevated to the Superior bench which he has honored by dignity, fairness and high moral purpose. Again and again the people have elected him to that high position, expressing and renewing a confidence that has found fresh justification in Judge Ogden's performance of his judicial duties and the standards and ideals of citizenship he has exemplified in private life. From the people of this county Judge Ogden had no need to ask for vindication, but it is right that for the stranger and those who come after that truth and justice should speak. And it is to the honor of the Supreme Court that it found a way in spite of technical obstacles to right a wrong of many years standing.

## The Plaintiff of a Slandering Fraud.

The Enquirer lets loose a flood of billingsgate on THE TRIBUNE because it announced that the Congressional Committee of the Third District would appoint the delegates to the State Convention from Contra Costa and Solano counties outside the city of Vallejo. The delegates from those districts have been regularly appointed for twenty years. When Dr. Pardee's friends were in control they appointed the delegates. Three times when Dr. Pardee was a candidate for Governor delegates to support him were appointed in this county. Nobody ever did raver or unfairer politics in this county than did the faction of which Dr. Pardee was the head.

The roar of the Enquirer now is simply a hypocritical howl of disappointment. The irrelevant abuse heaped on THE TRIBUNE is the malicious output of a professional slanderer and grafter; a man who colluded corruptly with Theodore V. Halsey; a man who tried to blackmail the Contra Costa Water Company out of \$55,000, and who in all his alleged fights for the people has either been trying to compel the payment of blackmail or was trying to earn his grafters' wage by maligning other people.

We have been sorely tempted a number of times to print a bill of particulars about the methods and doings of this shameless, blustering fraud, but have refrained from a reluctance to engage in that species of warfare. Still forbearance ceases to be a virtue at times, and the telling of the plain truth a necessity.

The tempest in a teapot caused by the nomination of Dr. David Jayne Hill to the Berlin Mission is now explained. The objection to Dr. Hill was due to lack of fortune and the democratic and unconventional ways of Mrs. Hill. Dr. Hill is a man of moderate means, and his wife likes the simple life and is addicted to riding a bicycle in short skirts. On the other hand, Charlemagne Tower, the retiring Ambassador, is a multi-millionaire who maintained an expensive establishment and entertained on a lavish scale. He spent five or six times his salary. Hence he is very popular in both court and trade circles. The Kaiser and the Berlin trades people hated to lose him, and they were disgusted to learn that his successor was not a good spender nor a lavish entertainer. However, it has at last been recognized that American Ambassadors are not appointed chiefly to give good dinners and scatter money in European capitals, and Dr. Hill will be received at Berlin as our envoy. Nevertheless the departure of Mr. Tower will be watched with sadness, for it means that the American embassy in Berlin will expend about \$200,000 a year less than formerly, and will make a less regal display of republican simplicity.

## Personal Rights in Theaters.

Every one who attends theaters, and the theatrical managers themselves, would be glad to see success crown the efforts of Supervisor Giannini of San Francisco, who is interested in the framing of an ordinance which will prohibit any person taking their seat in the theater after the beginning of the performance, and during the act, or leaving their seat until the end of the act.

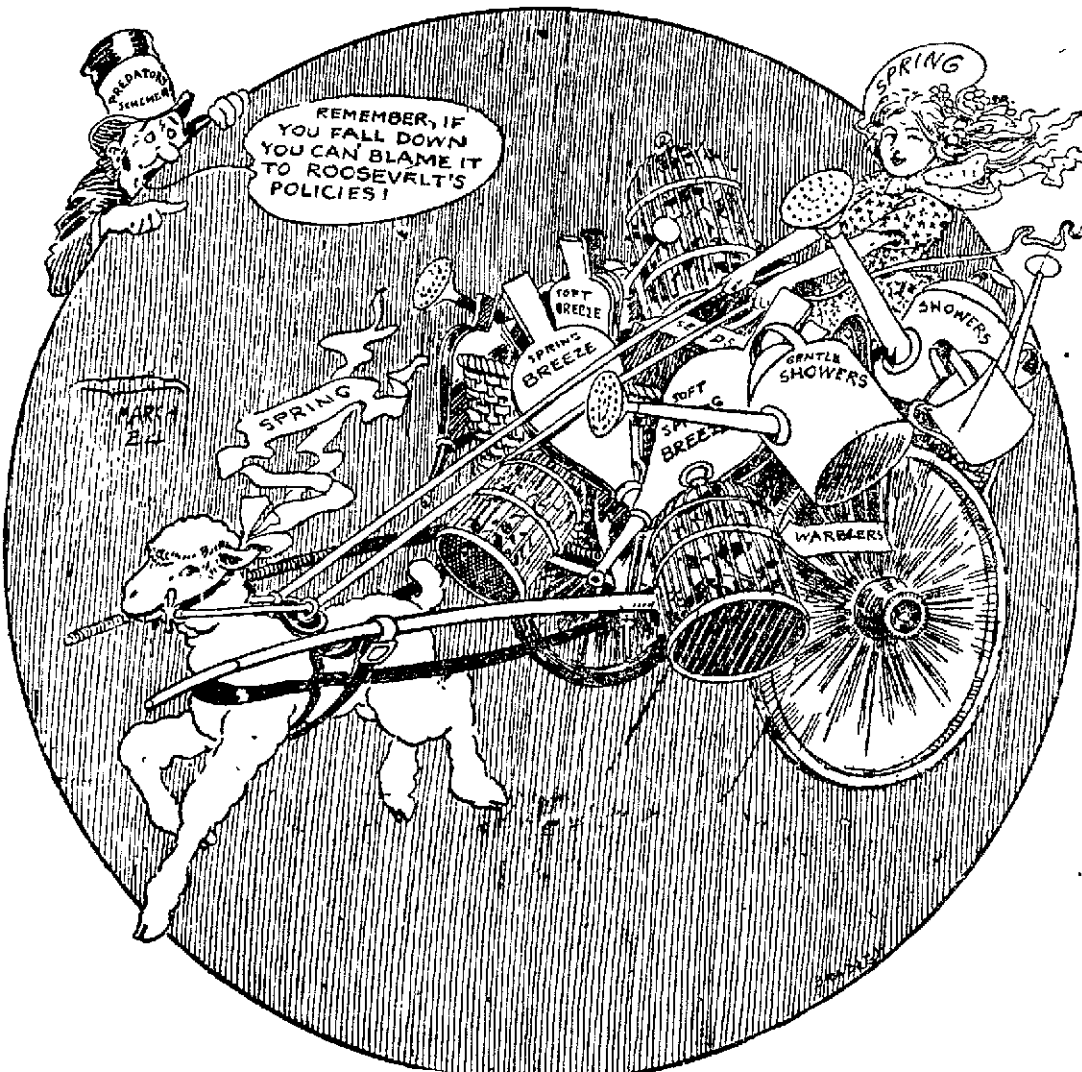

The plan he outlines is to put the matter straight up to the managers of the theaters and making it obligatory on their part to see that the law is carried out, and providing a sufficient penalty to make the managers active in this work. In the East there are many large theaters which have adopted this custom. There are many great actors and actresses, especially true of the late Richard Mansfield, who insist that no one shall be permitted to take their seat after the beginning of the performance, until the end of the act.

The artists did this because there is nothing more annoying to them than the swish swish of skirts or the noisy entrance of people. Reaching the theater late is a habit, and a bad one. No one appreciates this more than the managers; no one is seemingly more helpless than they to prevent it. It has been tried and has failed for the reason that the theater-going public charge the matter up to the managers.

People who pay big prices to see good artists lose a great deal of their pleasure by being compelled during the performance of the play to stand up to permit some late-comer to enter their seats, and are annoyed still further by the settling-down process of these tardy people who have to dispose of their wraps and wiggle into their seats before they can calmly settle down and enjoy the play.

So-called society custom, which is really the habit of only the parvenu, indicates late arriving. Society has to stand for this crime for which it is not responsible. In large theaters, where there are boxes taken by the season or otherwise, box parties can enter or leave without disturbing the artists. There is no use in trying to put the matter up to individuals, for the individual at fault is nothing

more or less than a hog. They care nothing for the feelings of others; they care only for themselves, therefore it is wrong to put it up to the managers, as the conducting of the theater is a matter of business with them.

Custom brought about the relegation of head gear, but custom has never been able to solve this question. In other words, there is only one way which would be successful to managers and the public, and that is a law by which the manager can work, upon which he can base his plans. Supervisor Giannini is on the right track, and Oakland theaters can benefit by the making of such a law.

The Indiana platform declares for tariff revision, but is silent in regard to the cocktail incident. This ignoring of a great issue is disappointing to the Women's Christian Temperance Union at least.

A head-line in a San Francisco paper reads: "Judge Dooling Retained for the Ruef Trial." It certainly looks that way. But by whom?

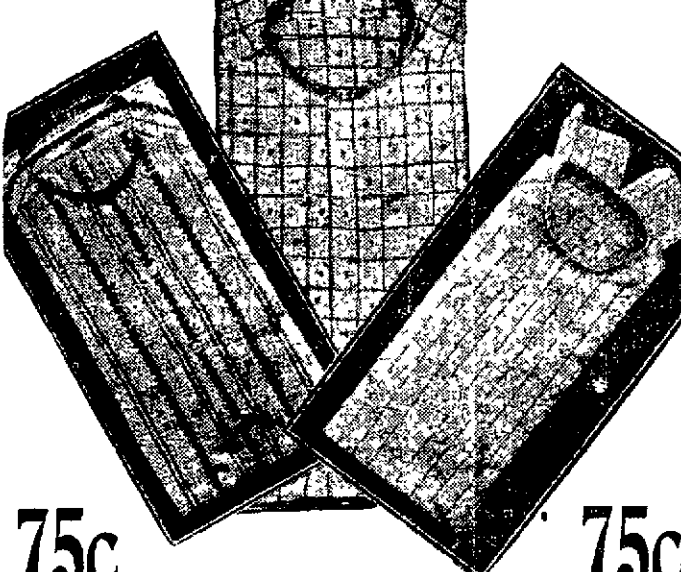

## CHIPS FROM OTHER BLOCKS.

As the pre-convention campaign extends itself, and the issues to be submitted become more sharply defined, California must recognize what folly it would be to send to Chicago, even with Taft instructions, any delegate at heart opposed to Taft's policies.—Los Angeles Express.

Reports from twenty-five of the leading industrial cities of the country collected by the New York World show about 600,000 workmen out of employment. The number whose wages or working time have been reduced must of course be very much greater. It is bad, but it might be worse.—Springfield Republican.

Every time an anarchist murders some one there is much talk of deporting those already in the country and of preventing any more from entering it. Then the talk dies down and is not revived until another murder. With the anarchists and Black Hand Society doing such a lively business in the line of indiscriminate slaughter it would seem to be high time to make the meshes of the sieve at Ellis Island a little finer and to take some active and continuous steps—not sporadic—to stamp out a growing and sanguinary evil.—New York Press.

## "Mary Ellen" Able to Swear Like a Trooper

"Cussed" the Police After Her Arrest

NEW YORK April 3—Charged with tearing the Second Commandant into strips and otherwise conducting herself in an unbecoming manner Mary Ellen Allen an aged Patagonian parrot, was locked up in the West Thirtieth street station house last night on complaint of the management of the New Grand Hotel Broadway and Thirty-first street

Mary was resplendent in a bright green gown champagne-colored slippers and beak to match She arrived at the station house under the personal escort of a Postal Telegraph messenger A guest at the hotel had asked the clerk to keep an eye on Mary while he crossed the street It was hardly necessary because when Mary opened up on the patrons sitting around the lobby every eye in the place was on her

"What have you got in that band-box?" demanded Lieutenant Mason "They told me it was a bird over at the hotel said the boy but I lifted the cover once and it sounds more like a Brooklyn politician The old girl certainly can pass out the swear stuff

Lieutenant Mason placed Mary Ellen on the desk just as the night platoon was going on duty and what she said to them made Commissioner Bingham's unkindest remarks sound like words of praise Several of them admitted afterward that Mary's dress was the only thing that kept her head on her shoulders

Fine bunch 'Fine bunch' shrieked Mary in an exasperating soprano "Red head cop" Button yer coat "Look at the fat heads" Under Mary's monologue the finest shifted uneasily and reached for their night-sticks After they had departed Lieutenant Mason put the bird downstairs outside the cell rooms but the prisoners made such a kick on her perpetual profanity that she was removed The property clerk was appealed to but he had his fingers crossed Then the S P C A decided to take a chance on being contaminated and sent two of its deaf agents for the bird

"What a prize longshoreman or teamster she would make said Lieutenant Mason as he mopped the precipitation off his brow

a married man and he replied that he would get a divorce and then marry her but he wanted a house-keeper and if she would go with him and keep house she could get a marriage license and keep it in her trunk until the divorce came along

They had a hard time getting the license but finally succeeded though they did not marry The wife has gone to Mulkeytown to decide what action she will take

## HUSBAND MARRIES; WIFE READS LICENSE NOTICE

ST. LOUIS, April 3—When M. Louisa Dulin, of 3343 Olive street, read the record of a marriage license having been issued at St Charles to James M Dulin, forty-eight years old, of Mulkeytown, Ill to Nellie Miller, eighteen, of 2111 Division street, she said

"As I like and breathe that is my husband I'll get on his trail About a year ago Mrs Dulin came to St Louis from Mulkeytown for medical treatment, being ill, and I left her husband on the farm She supposed that he was still there, attending to the spring ploughing, until she saw that he had applied for a marriage license to marry another without asking her

Then Mr Dulin went to the address on Division street and was met by a Mrs Smith who told her she was the sister of Nellie Miller, who she believed was now Mrs Dulin "That's funny," said Mrs Dulin "I don't see anything funny about Nellie marrying Mr Dulin," replied Mrs Smith

"I do," said Mrs Dulin, "because I'm the original Mrs Dulin" Explanations followed and Mrs Smith was induced to write to her sister in care of Dulin at Mulkeytown to come over to St Louis and visit her

Monday morning Nellie arrived and was met at Union Station by Mrs Dulin and Patrolman Felix Murphy who was arrested and taken to Police Headquarters She told Chief of Police Cressy that

## WOMEN Don't Work for Pin Money Alone

CHICAGO, April 3—The charge often made by labor agitators and even well known educators that many girls of good and prosperous families enter the industrial field in competition with men because they desire to wear fine clothes was refuted indignantly by Miss Anna Nichols of the Neighborhood House settlement last night Miss Nichols was lecturing on "Woman in Industry" at the Chicago Hebrew institute 224 Blue Island avenue and her auditors were Jewish boys and girls of the night school classes

"It is a common thing to hear it said that a large percentage of our working girls compete with the men in the industries because they like to

have extra pin money," said Miss Nichols "The people who hold to this belief complain that woman is driving out the man who needs a living wage But this is not true Two years ago statistics were compiled and of 600 girls we questioned only one admitted she didn't have to work either to support herself or to help support her family

"Woman should go into the industries as a skilled worker A girl hopes to be married and so she should have both industrial and domestic training Now she generally has neither "Women should have safe and satisfactory places in which to work, but our Illinois laws do not grant industrial protection to workers"

## PARENTAL OPPOSITION DID NOT INTERFERE

The marriage of the Grand Duke Michael of Russia to the elder daughter of the late Prince Nicholas of Nassau was quite a romance When the Countess Torby then Countess Sophie Morenberg, was a very young girl she managed one day to escape from her governess and to visit a certain famous fortune teller at Wiesbaden, where her father then resided The sybil foretold some astonishing

ing things, among them that the young Countess would marry far above her own rank in life and thereby would be forced to live in exile The fulfillment of the prophecy came when the Grand Duke Michael met the lovely young Countess, fell madly in love with her and married her in spite of the opposition of his uncle, the Emperor Alexander III of Russia

## CHAMPION BIGAMIST BOY HAS FOUR WIVES

NEW YORK, April 3—Frederick W Parsons 25 years old of No 833 Central avenue, Newark New Jersey was taken recently from the Essex county jail and arraigned before Recorder Kelley of Kearney on a charge of bigamy He was committed for examination

Parsons is said to be known also under the name of Frederick W Held but he says this is a mistake, that he has been confused with another man by reason of a close resemblance to Held

Parsons was arrested in Newark on complaint of the woman who claims to be his latest victim She was Miss Anne Duckworth of No 29 Seventh avenue She was married to Parsons on February 8 last by the Rev J Pandall Schaffer, pastor of the First Baptist Church Harrison at Mr Schaffer's home Kearney avenue Arlington

On Monday of this week Mrs Parsons or Miss Duckworth, caused the arrest of Parsons on a charge of threatening to kill her She told Justice of the Peace Bossett that ten days after she became the wife of Parsons she learned that his marriage to her was a bigamous one as she had obtained information convincing her that Parsons had at least three other wives and leading her to suspect that there were still other women he had in due to go through a marriage ceremony with him

As the marriage of Parsons and Miss Duckworth took place in Hudson county the latter after seeing her alleged deceiver in jail in Newark because of his inability to give \$1000 bail on her complaint of assault went the other day before Recorder Kelley and swore to the more serious charge of bigamy

According to information obtained by Miss Duckworth Parsons real name is Frederick Walter Held, and he is the son of wealthy parents residing at Galveston, Texas Before his advent in this part of the country Miss Duckworth says Parsons or Held was a cowboy in the Southwest

It is alleged that the first known marriage contracted by Parsons was when he wed his first cousin Miss Louise Held of Easton Pa which ceremony it is said, was performed in June 1906 by Alderman Bruer in the Pennsylvania city It is intimated that Miss Elsie Maurer a New York girl was the second woman to link herself to Parsons and this ceremony is said to have been performed in 1904 and a No York Alderman is credited with having officiated

Miss Nellie Murray of No 29 Walnut street, Newark as alleged was married to Parsons by Justice of the Peace Blauvelt in Newark on January 24 this year Two weeks later it is averred the ceremony joining Parsons and Miss Duckworth in marriage was performed

Miss Duckworth is 22 years old and pretty I am positive Parsons is a bigamist and I have reason to believe he has at least four wives with a probability of more victims said Miss Duckworth yesterday

## Salvation and Soothing Syrup to Go Together

HARTFORD, Conn April 3—Salvation and soothing syrup will go hand in hand if the plan of the Memorial Baptist Church meets with the success which its originality deserves The deacons of the church have noticed a falling off in the number of married women who attend service care of babies in almost every instance being given as the cause With the approval of a majority of the congregation, the church has now decided to open a baby bureau where the infants may be checked while the mother gets divine consolation

"Come and bring the babies with you We'll see that they get the best of care and that you get the right ones back"

This is, in substance, the invitation that has been sent to every woman of family in the congregation Fond papas who have had to do a little road work with the baby if the mothers did take a chance on leaving the dress

to their care are considering the advisability of holding a mass meeting to publicly congratulate the deacons on the splendid idea

It has been decided that the baby room shall be in a remote part of the basement where the youngsters can turn on the lung power without disturbing the worshippers overhead On presenting her baby at the door each mother will receive a check, the duplicate of which will be attached to little Tommy or Nellie as the case may be The women of the congregation will take turns presiding over the safety pin section and a philanthropic old gentleman has promised to supply the new department with fresh milk and rubber hose

It will work splendidly said a maiden lady, "unless those children get quarreling and pull the identification tags off each other Then think of the job we would have sorting 'ham out'!"

## "PEEPING TOM," FRESCOED BY CLASS IN ART

NEW YORK April 3—There was a new kind of Peeping Tom He is a chauffeur and almost all winter long he has spent his evenings on the roof over the night life classes of the New York School of Art He could peek through windows and see all

Artists have been "laying" for the person that has been making catcalls on the roof They got him on Wednesday evening They took him down into the life class feet last, and made him throw his clothes away and mount the model throne—the woman model had been promptly dismissed right after the roof capture Then they applied their brushes industriously and turned him into the aurora borealis

Artist McPherson and Old Master Boss, both of whom do the most beautiful decorative work, took up Peeping Tom's ribs first of all and flowered them with forget-me-nots, conventionally arranged

At the same time Hymanile Preziosi in a few bold strokes, had outlined on Tom's wide chest a bird's-eye view of the United States map Down the model's back all this time was progressing a panoramic view of the battle of Lookout Mountain, one of the best Antiquexes, it is said, that ever has been exhibited in this city The right leg was given over to a three-quarter-length portrait of Vice

President Fairbanks and the left to a full length of Simon Ford standing on Pat McCarrren's shoulders When the entire surface was covered some one signed the composite picture with the name of Mr Comstock, to add a touch of moral tone to the effect

Then Robert Henri came in to criticize the night's work and stopped the diversion

## HUGS AND KISSES Can't Keep A WIFE AND CHILD

NEW YORK, April 2—"Hugging and kissing of a wife by her husband are very nice but she can't live on either hugs or kisses," said Magistrate Scott in the Central Police Court yesterday after hearing the case of Edward Presper who lives in East Morris street

Presper was arrested on complaint of his wife Ophelia who testified that he had not contributed property to the support of her and their child "Why judge said Presper, 'I dearly love my wife and often hug and kiss her' "So you should," said the magistrate, "but she and your child can't live upon hugs and kisses" He held Presper in \$400 bail to appear in court

## THE SONG OF THE WIND.

The wind that sings in the chimney flue,  
What does it say to me and you?

Rich is its haunting minor key—  
Moaning for things that can never be

Or things that are lost to the day and sun,  
Back in some black oblivion

It moves on wings from the misty past,  
Over its gloom are shadows cast.

It whistles a dirge for ancient days—  
Solemnly sad are the tunes it plays.

Its volume rises and falls It fills  
The heart with tremors and doubts and thrills

It roams the breadth of the sea and earth,  
But it never harbors a note of mirth

O, gray old harper, in wondrous ways,  
Your requiem tells of the yesterdays—

But who that lives can the tale translate,  
Or quote the presage of Life and Fate?

But sing away, in the chimney flue,  
Of things that are old and things that are new—

Till sorrow and suffering seem sublime—  
To the very ends of the sands of Time!

## MONTEREY ACTIVE IN SOCIAL AFFAIRS

Officers and Wives at Presidio  
Entertain at Weekly  
Dance.

MONTEREY, April 3.—There was much activity at Monterey on the occasion of the presence in Monterey bay of the three armed cruisers, California, Tennessee and Washington.

In the afternoon a number of the officers were entertained by Mr. and Mrs. James Murray at their handsome home in Monterey and later were taken in automobiles around the 17-mile drive and to other points of interest. In the evening Rear Admiral Sebree and a score or more of his officers were the honored guests at a ball given in the art gallery of the Hotel del Monte. Among the officers who attended were Captain V. L. Cottman, Captain Thomas B. Howard, Captain Austin M. Knight, Captain Lewis, C. S. Cooper, W. R. Sayles, W. A. Merritt and C. W. McGill.

### Dance at Presidio.

The Presidio of Monterey has given a number of pleasant affairs during the week which have been attended by many of the guests at Del Monte. Friday evening the officers and ladies gave the regular weekly hop.

Mrs. Lundeen, wife of Colonel John A. Lundeen of the Presidio at San Francisco, Miss Marie Lundeen and Miss Louise Hall of Minneapolis were at Del Monte for a few days on their way to San Diego, where they have gone for a fortnight's stay.

An interesting party of motorists that arrived on Saturday, spending a couple of days here before continuing their trip south, included Mr. and Mrs. G. N. Easton, Miss Anna Easton, Hon. and Mrs. Henry A. Phillips and J. W. Phillips.

### Back From Trip.

Mr. and Mrs. Robert E. Strahorn, who arrived here in their machine from Spokane a month ago, after their trip to southern California, returned to Del Monte for a visit of a couple of weeks and were joined by Hon. and Mrs. A. Caldwell and Mrs. J. D. Robertson of Leavenworth, Kas.

Mr. and Mrs. Benjamin Allen and Mr. and Mrs. E. C. Allen motored up from Los Angeles, and after a very delightful week here, went on to San Francisco, en route to their homes in Chicago.

Mr. and Mrs. Albert H. Hayes recently made the trip down from San Francisco in an automobile.

Dr. and Mrs. Albert E. Sykes, who

and Gordon Glidden, the bridegroom's brother, will complete the bridal party. The bride will wear a very light model shade and fashioned on a princess model. Her bridesmaid will wear a silk gown of palest blue.

Mr. Glidden and his bride will leave immediately after an informal reception for Pacific Grove, where an artistic bungalow awaits their coming.

### SOCIETY NOTES.

Mrs. Richard Derby has taken a house at 1122 Grand avenue, in Alameda, where she will remain for a month or more.

Mrs. Milton Pray is in Berkeley while her apartments in San Francisco are being occupied by Mrs. Deane and Miss Marie Rose Deane, who will leave for the East this summer.

Mrs. Harry Thornton Lally and Miss Marian Lally will entertain at a luncheon tomorrow.

Miss Alice Nelson, the fiancée of Joe Mariano Salazar, will spend the early summer as the guest of friends in Chico.

Mrs. Percy Walker entertained the members of card club yesterday at an informal meeting.

Mrs. Harry East was hostess at a luncheon and informal card party yesterday for a dozen guests.

Mr. and Mrs. E. A. Whitaker will leave Saturday evening for the southern part of the State to spend a few weeks on their orange grove near Covina.

Mr. and Mrs. George E. Perkins will

entertain at an informal dinner to be given this evening at their attractive home in East Oakland.

### PERSONALS.

James Scribner was a recent visitor in Willow.

Miss C. Wittermayer and Mrs. N. Bush are visitors in Fresno.

Ben T. Edwards and E. G. Hill are in Sonoma.

Mr. and Mrs. George Parsons are visitors in Newcastle.

Dr. E. H. Byron has gone to Marysville.

Mrs. L. E. Bathurst is in Chico.

F. A. Margulie was in Placerville last week.

Miss Rosa Mayhew is a visitor in Red Bluff.

Miss Edna Thorup has been visiting friends at Martinez.

N. W. Ford is a guest at Pacific Grove.

W. H. Berg has been visiting friends in San Luis Obispo.

W. M. Tharp was in Yuba City last week.

Miss Ruth Vickery has been enjoying a brief visit in Martinez.

George C. Coddling is a guest at San Luis Obispo.

Harry Holmes was in Hayward for a brief visit last week.

Mrs. Thomas W. Norris is a visitor in Salinas.

Mrs. Anna Murdock lectured recently at Red Bluff.

Mrs. Emily Joliet is spending a few weeks in Martinez.

Friday and spent the week-end here.

Fletcher F. Ryer and Samuel G. Bucklee came down from San Francisco on Saturday for a few days golfing.

Another keen golfer who comes to Del Monte frequently to enjoy the links is R. E. Allardice of Stanford University, who is spending the vacation here.

Mrs. J. Parker Whitney, who has spent the winter here, went to San Francisco last week to join Mr. Whitney, who has just returned from a trip to the East. Before returning here Mr. Whitney will visit friends in the city and will also spend a few days with her son and his wife, Mr. and Mrs. Vincent, at their country home.

Professor Starke and Professor Newcomer of Stanford University and their families are located at Pacific Grove for the Easter holidays.

### ONLY ALTERNATIVE.

"What," queried the youth with the question mark, "do you do when you get into a place where you can neither go ahead nor back out?"

"I simply sit still and wear the place out," replied the home-grown philosopher.

Colonel Theodore H. Goodman, one of the best-known railroad passenger officials in the country, a Grand Army and Loyal Legion man and a prominent Mason and Knight Templar, is, at the age of seventy-five years, critically ill with pneumonia at the residence of his sister, Mrs. L. Hosmer, in Sausalito.

For thirty years Colonel Goodman was general passenger agent of the Southern Pacific Company and a year before the fire was retired on full pay by E. H. Harriman in recognition of his services. At the time of his retirement Colonel Goodman was the oldest general passenger agent in the world in active service.

Colonel Keeler's lecture is postponed one week.

Tomorrow Will Be Wild Flower Day at Library.

Charles Keeler's lecture at the Oakland Library, which has been postponed until Friday night, April 10, by Librarian Greene out of courtesy to Judge Ben B. Lindsey, the famous founder of Denver's juvenile court, who is to speak tonight at the First Congregational church.

Mr. Keeler's lecture a week from tonight will be the last in the Oakland library's course of talks about books.

His subject will be "Out of Doors Books," and as Mr. Keeler is not only an authority on nature but an interesting speaker as well, a large audience is anticipated.

## INFORMATION

About a Reliable Medicine.

We want the people of Oakland to know that we believe the most valuable cod liver preparation—the best tonic, restorative, health restorer and strength creator known to medicine today is Vinol.

Vinol is not a patent medicine, as everything it contains is named on the label of every bottle. We guarantee Vinol contains besides tonic from all of the medicinal, curative and body building elements of cod liver oil actually taken from fresh cod's livers, but without a drop of the useless oil to clog the system, upset the stomach and retard the work. This is why Vinol is so far superior to old-fashioned cod liver oil and emulsions.

**Lard has been in existence a long time—so has indigestion**  
Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft for a farm, will day after day eat lard-soaked food and not realize for an instant that it is clogging their whole inner machinery and likely to result in a full-fledged case of indigestion.  
Lard is produced from hog-fat, sometimes impure, always indigestible, and there's a good day coming when no one will think of using it for cooking. *Cottolene* is the only rational frying and shortening medium in the world. It is made from refined vegetable oil and choice beef suet—everything about it is digestible and conducive to health.  
It is a product of Nature.  
It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

# JUDGE OGDEN EXONERATED BY THE SUPREME COURT

## All of the Justices United in These Findings

SAN FRANCISCO April 2.—The seven justices of the Supreme Court of California unite in an opinion handed down today, fully exonerating Judge Frank B. Ogden of the Superior Court of Alameda county of all the imputation of unfair practice in his connection with the case of the Pekin Milling and Mining Company vs. James Kennedy et al., which is reported in yesterday's California reports. They find as the Alameda Bar Association found, that Judge Ogden was an innocent party to the transaction, that he had no notice during the trial of the case that fraud had been imputed to him and only became aware of it when the eighty-first California report was published, and that therefore, he exhausted every means to have a full investigation by the trial judge and by the Supreme Court. Failing in this, he asked an investigation by the Superior judges and the Bar Association of Alameda county, and that they found that Judge Ogden was without blame in the matter and they fully exonerated him. It was also found afterwards by the trial judge that the defendant, Kennedy, was dishonest and he being a lawyer, was disqualified from practice.

The matter was brought finally to the attention of the Supreme Court by the application several months ago for a correction of the record, and in view of the foregoing showing the justices, while stating their inability on account of the limits of jurisdiction of the court, it is impossible for them "to afford Judge Ogden the specific form of relief for which he asks, however, the publication of the foregoing must suffice for his complete exoneration."

In arriving at their finding the justices of the Supreme Court reviewed the case as follows:

In the Matter of  
The Pekin Milling and Mining Co.  
vs.  
James Kennedy et al.

"In 1889 this court handed down a decision in the above entitled case which will be found reported in 81 Cal. Rep. page 375. In its opinion this court made reference to and repeated the substance of certain findings of the trial court, which finding reflected upon the fair dealing of Frank B. Ogden, petitioner herein. The substance of this finding was that the said Ogden improperly and in fraud of the rights of James Kennedy, and other defendants represented at an auction sale of certain mining claims of the Oro Fino Mining Company that the Oro Fino Mining Company was not the owner of the property, and that after the sale, wrote his name in the constable's certificate of sale under execution. In the answer of Kennedy and others in the above entitled suit no charge of fraud was made against Ogden and there was no intimation that he was to be charged with fraud. Nothing in the answer tended to give notice that any such fraud was claimed."

"At the trial of the cause Ogden was called, testified and went his way. Upon his examination neither his integrity nor the fairness of his act was called in question. He never was informed during or after the trial of the cause that his testimony had been disputed or his fair dealing questioned. He had no interest in the litigation and the first knowledge that he acquired that the findings of the trial court in any way reflected upon him was from reading the reported decision of this court."

**Exonerated by Bar Association.**

"Immediately on becoming aware of this decision on the said Ogden himself presented the matter to the bar association of Alameda county, of which he was a member, with the request that an immediate investigation of his conduct be had. Such investigation was had and resulted in his complete exoneration, and the bar association of Alameda county addressed a letter early in the year 1890 to the justices of this court, declaring that after examination the said Ogden who had at that time become judge in the county, was about to request a hearing before this court of the matters touching his integrity and asked that such hearing be granted him."

"The judges of the Superior Court of Alameda county, expressing from their own knowledge the highest opinion of the character of Judge Ogden, united with the bar association in this request. The request, which was urged upon this court personally by Judge Ogden, and also by a committee of the bar association of Alameda county, appointed for that purpose, was to the effect that this court should in some appropriate manner investigate the matter of the alleged fraud of Ogden, and report its conclusions thereon in some suitable way by foot notes or appendix to the case of Pekin Milling & Mining Company vs. Kennedy already reported. The justices of this court, each and all expressing his willingness to do anything to subvert the ends of justice pointed out the impossibility of adding such foot note to the volume because it was already in print and suggested moreover that as the judgment of this court in the case had been a judgment ordering a new trial, it would be possible for Judge Ogden, upon such new trial to have the facts thoroughly investigated and a finding in accordance with that fact declared by the trial court."

**Urges Retrial.**

"Judge Ogden then immediately communicated with Marcus T. Bennett, Esq., who had been the attorney for the plaintiff in the litigation, urging him to press the case for retrial, and offering to bear all the costs and expenses attending such trial, for the sole purpose, so far as he was concerned, of presenting to the court all of the evidence upon the question of his alleged fraudulent practice. Judge Bennett replied that a new trial was impracticable, as the hostile interests had been consolidated and the case had passed from his management and control, concluding his letter by offering his assistance to do whatever he could to remove the blot from your good name which I believe has been most unjustly attached to it."

"Judge Ogden then requested Judge Bennett to confer with Judge Williams, who was the trial judge and learn from him whether he would not be willing to take evidence and report upon this single matter, it being urged that he could do so without impairment of any of the rights under the decision since his judgment had been reversed by the Supreme Court and his finding of the fraudulent practice of Ogden was not within the issues of the case and in no way necessary to sustain the judgment."

**Obstacles in the Way.**

"Judge Williams in turn could not see his way clear to try any portion of the case by piecemeal and declined to do so. Appeal was also made to George G. Blanchard Esq., who had been the attorney for the defendants in the case asking him aid that the matter might be thoroughly investigated and cleared up and Mr. Blanchard wrote that he exonerated Mr. Ogden from all imputation of wrong in the matter you refer to. I am ready to do anything in my power to relieve Mr. Ogden in the matter you speak of. Judge Williams has gone out of office and, of course can make no order in the case. Say to Mr. Ogden to prepare such a paper as will meet the facts of the case and it shall be done with as he may suggest."

Being thus unable to obtain relief from

any quarter, Judge Ogden was constrained to give over his attempt, and in this situation the matter rested until 1898. In that year Judge Ogden's name was under consideration by Governor Markham for appointment to the position of judge of the Superior Court of Alameda county. Confronted by the case in the first volume of our report, his excellency appointed a commission, composed of the three judges of the Superior Court of Alameda county to take proofs on the matter and report their findings to them. Such proofs were taken and the following findings were made:

**The Heaviest Finding.**

"The transaction which bears most heavily against the said Ogden is found in the decision of the Supreme Court expressed in this language:

"It had been agreed between Miller, Baragon and Kennedy that the latter should bid off the property in his own name but it had also been agreed between Miller and Frank B. Ogden that said Ogden should attend the sale for the purpose of procuring the title to said mine to be taken in his (Ogden's) name. Ogden attended the sale and it was agreed between him and Kennedy that for the purpose of deterring bidders Ogden should give public notice at the sale that the mine did not belong to said Oro Fino Corporation, but was the property of him (Ogden). Such notice was accordingly given and the mine was bid in by Kennedy as before stated but another complication arose. Ogden volunteered his assistance to the justice of the peace to write out the certificate of sale and inserted therein his own name as purchaser instead of that of Kennedy. This was not known to or discovered by the constable (Cline) of Kennedy."

**The Findings.**

"Upon these matters we make the following findings:

"Said Ogden did attend the sale and give public notice that the mine did not belong to said Oro Fino Corporation, but was the property of him (Ogden)."

"This notice was given in the belief, honestly entertained by said Ogden, that the title to said mine was in fact and in law in him the said Ogden under the deed from Shenck. This belief was at the time shared by Kennedy, Baragon and Miller. There was no attempt to defraud the judgment creditor Phelps or prevent his obtaining from the sale the full amount of his judgment and in fact, the full amount of his judgment and costs was bid, and the judgment creditor Phelps received all the money from the sale of the property to which he was entitled under his judgment."

"It is true that Ogden volunteered his assistance to the justice to write out the certificate of sale and inserted therein his own name as purchaser. It is not true and that this was done without the knowledge of Kennedy or in fraud of Kennedy or Baragon, or in fraud of any person sever."

"We find that the said Ogden volunteered his services merely as penman. That he wrote his name in the certificate of sale because it was the understanding and agreement between Miller, Baragon and Kennedy that he should do so and here we proceed to a brief analysis of the testimony before us on this point."

"Manifestly there was no fraud and no impropriety in the said Ogden writing his name in said certificate. If in fact it was understood between Kennedy, Baragon and Miller that the certificate should be issued in the name of Ogden as purchaser."

**High Opinion of Ogden.**

"Miller swears that it was the understanding between himself, Baragon and Kennedy that the certificate should be taken in Ogden's name and states the reasons therefor in his affidavit."

"Peter Baragon is now dead. His wife however makes an affidavit to the high opinion which her husband always entertained of the character of the said Ogden and her recollection that the certificate of purchase at the sale under the Phelps judgments should be taken in the name of Frank B. Ogden."

"The said Ogden testifies to like effect as Miller."

"In addition to this we have the evidence of Hon. Walter Van Dyke (now judge of the Superior Court of Los Angeles county) at that time attorney for said Miller) in the form of a letter addressed to said Ogden bearing testimony to the honorable conduct and character of Ogden and to the fact that the mine was sold under the Phelps claim and was bid in by Ogden Kennedy paying the money at the sale. A payment understood at the time, to be a payment on account of his indebtedness to Miller, which evidence is strongly corroborative of that of Ogden and Miller."

"We have next the testimony of George G. Graham likewise in a letter to the effect that he was present at the sale and drove Ogden and Kennedy to the mine. That at the sale Ogden stated, and the constable Cline, announced that the property was sold to Frank B. Ogden. That after the sale at the time Kennedy referred to the fact that the certificate was in the name of Frank B. Ogden."

"There is also the testimony of the Justice of the Peace, Tracy, taken upon the trial of the case, to the effect that Ogden read the certificate at his the Justice's dictation, and that he the Justice saw Ogden write his name in the certificate. And here it can scarcely be believed that if it was not by the Justice at that time known to be the proper name therein to be inserted, he would have done as he testifies that he did."

"The foregoing findings of the trial court are abundantly substantiated. Notwithstanding that the citizens of Alameda county have repeatedly expressed their convictions of Judge Ogden's integrity by continuously and unintermittently electing him to the office of Judge of the Superior Court, nevertheless the record of the case in the eighty-first volume of our reports stand, and unless corrected, will stand against him, his

children and his children's children as a monument of infamy. For this reason and upon this showing he asks this court to afford him relief."

The statement in the eighty-first California, were based of course exclusively upon the findings made by the trial court. They were in no sense the result of an examination by this court, nor could they in any sense be construed as expressing the views of this court upon the matter. It is manifest that the exoneration of Judge Ogden upon the showing thus made is full and complete. This court also joins in the expression of confidence embodied in the findings of the judges of the Superior Court of Alameda county. But from the character and limits of the jurisdiction of this court it is impossible for it to attempt to amend or correct the findings of the trial court and so impossible for it to afford Judge Ogden this specific form of relief. However the publication of the foregoing must suffice for his complete exoneration."

## AFFAIRS OF WOMEN IN THE NEWS

### \$50 HATS ARE NOT NECESSARY HOUSEHOLD EXPENSES

CHICAGO, April 3.—Twelve jurors, including three bachelors, last night decided in Judge Newcomer's court that \$50 hats are excluded from the "necessary household expenses" for which a husband in moderate circumstances legally may be held liable when incurred by his wife without his approval.

Consequently the jurors rendered two verdicts in the case of the *Maison Neuville* vs. *Mrs. L. V. Ferguson*, the case in question being a dispute as to whether the *Maison Neuville* should receive a balance of \$165, alleged to be due on a millinery bill.

The jurors decreed in one verdict that Mrs. Ferguson must pay the \$165, the finding being in favor of the plaintiff.

In the other verdict the jurors relieved Mrs. Ferguson's husband from all responsibility, the finding being in favor of Mr. Ferguson as one of the defendants. The *Maison Neuville* was left to "hold the bag" for the \$165. Unless overruling the verdict.

The decision established a precedent as far as the classifications of women's hats as necessities of life are concerned. It is identical with the one the jury box mentally "put themselves in his place" when Mrs. Ferguson, as a witness related the sorrows of a young husband when their wives succumb to the "pretty things" that seem to grow in the windows of importers shops.

### TO GET MARRIAGE ANNULLED THOUGH HAPPILY WEDDED

CHICAGO, April 3.—Although their short wedded life has been "one fair dream of bliss," Mr. and Mrs. Frank L. Bond will ask Judge Carpenter today to annul their marriage which took place on March 11, because Mrs. Bond was divorced 13 years than a year ago. In June she was divorced from her first husband, and it was the first instance of this kind under the new law.

It was Judge Carpenter's decision a week ago that led the couple to ask for the annulment. At that time the court handed down an opinion in which he declared that divorce persons remarried within a year lived together illegally.

"Moral grounds" is the one reason advanced by Mrs. Bond in her application. Mrs. Bond was the wife of R. O. Kruger, Chicago manager for various companies, until last June. She declared a decree then on the charge of cruelty. About the middle of February, Mrs. Bond asked for an annulment. It was less than a month after that when she journeyed to Crown Point, Ind. where they were married by Justice Nicholson.

### QUIDA'S PET DOG IS NOW PROPERTY OF SHIP CAPTAIN

NEW YORK, April 3.—Pitania, one of the three dogs of which Quida was so fond, is in Brooklyn. The little pet white and tan, the property of the captain Peter McClean of the steamship *Algeria* of the Anchor line, now at the Union stores Brooklyn. The vessel is scheduled to sail for Naples on Sunday.

Captain McClean said that Miss La Ramona, instructions were to have the three dogs shot after her death. One of the dogs, Rufino, was found dead at the time his mistress died. The British consul declined to order the two remaining dogs shot. The consul gave Pitania to the captain and kept the other dog.

### TO TURN OVER ESTATES TO PUBLIC ADMINISTRATOR

Superior Judge Waste today granted the petition of the widow of D. C. Hall, who was at one time public administrator of this county, allowing her to turn over to Public Administrator Gray all the estates which her husband was handling at the time of his death. When Hall died, his widow took charge of all the estates which he was handling as public administrator. She handled them for a time, and then had them turned over to Gray.

### Amend Employers' Liability Bill

WASHINGTON, April 3.—The Sterling employment liability bill to amend the amended form, the House judiciary committee agreed last Wednesday by a vote of 10 to 7 was re-amended today by committee by a vote of 11 to 6. The committee changed the section so as to read that "contributory negligence" instead of "slight contributory negligence" shall not be a bar to recovery, but that "contributory negligence" of the employers and of the employee and allow the employee such sum of money as shall be in proportion to the ratio which his negligence bears to the negligence of the employer.

### Banker Shot to Death on Train

WASHINGTON, April 3.—The State Department today received a dispatch from Ambassador Leishman at Constantinople reporting the death of B. Warburton, a business man in New York. He was shot by a Syrian while on the train traveling from Damascus. The Syrian was arrested and explained that he was examining his pistol and that the shooting was purely accidental.

### Merchant Fined for Vulgar Language

SAN FRANCISCO, April 3.—Gabriel Hines, former manager of Kruger's department store, was fined \$10 today by Police Judge Cabanis for using vulgar language in the presence of women.

**BIG TRACT OF SALT LANDS IS DEEDED**  
W. C. Thomas has deeded to Tyler Henshaw, and Henshaw has deeded to the California Salt Company 266 acres of marsh land on the south shore of Alameda county opposite Dunbarton Point. No consideration is given in the deed, which was filed today at the county recorder's office.

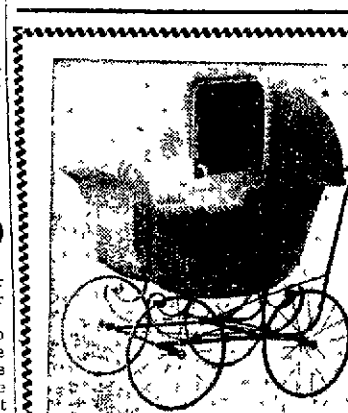

The case of Wong Loung, charged with the murder of a countryman in a recent long fight, went to the jury. Superior Judge Ogden's court this afternoon. District Attorney Brown made the closing talk to the jury, demanding the life of the Chinese.

### HELEN GOULD TO RETRENCH ON HER CHARITIES

NEW YORK, April 3.—Miss Helen Gould has given out through her secretary a statement that the necessity of retrenchment in her charities had forced her to close part of her estate at Tarrytown, of which a portion is to be rented to rent the girls' industrial school at Lyndhurst, recently built at a cost of \$5,000, and to discontinue plans for outfitting the school for the poor at Woodcrest.

It is probable that the school will not be re-opened, the statement read, and it continued with the explanation that the present financial conditions are responsible for this curtailment of Miss Gould's benevolence.

Hundreds of poor children have been entertained at Woodcrest every summer and plans have been made to continue the entertainment there this year. Miss Gould was forced to the conclusion that the work could not be carried out without slighting other projects which she considered more necessary to her agents to discontinue the plans. The Lyndhurst school which was a pet project with her for many years has been rented as a school for boys.

## SUSPECT PLOT TO SET UP DICTATOR

Mother of Portugal's Late King Ill and May Leave Country.

LISBON, April 3.—There is still persistent talk of the eversion of a military plot to declare a dictatorship in Portugal. Dona Maria Pia, mother of the late King, has broken down mentally and physically as an outcome of the tragedy of February. She has been invited by King Victor Emmanuel to go to Italy but this is opposed by the government because under the terms of her marriage contract she must be made an allowance of \$12,000 a year if she leaves Portugal.

**To Hold Elections.**  
The elections for members to the Chamber of Deputies will take place April 5. A total of 146 deputies is to be chosen. The Regenerators have presented sixty candidates to the Progressists fifty-nine. The Republicans eighty-six. The Nationalists twenty-six and the other groups thirty-eight together. Although the government has issued orders insisting upon free elections the two old "rotative" parties are in full control of the election machinery. The Republicans claim that

## Korean Murderer Is Now on Trial

Charged with the murder of Durham White Stevens, adviser of the Korean government, I W Chang appeared for preliminary examination today before Police Judge Conlan. Many Japanese including Consul General Kolbe were in attendance as were also a number of Koreans. The morning session was devoted to the examination of the surgeons who attended Mr. Stevens. Their testimony was purely technical. It seemed evident from the questions asked by the attorneys for the defense that an effort will be made to show that Stevens died as a result of a surgical operation performed after the shooting and not from the wounds inflicted by Chang.

They will sweep Lisbon, Oporto, Braga, Aveiro and other cities even under a re-elected suffrage. If there is an honest count of the ballots. Disorders are anticipated in efforts toward repression are made.

WASHINGTON, April 3.—Considerable difficulty was experienced today in getting a jury for the trial of John A. Benson, Frederick Hyde Joseph T. Snyder and Henry P. Dimond of California, charged with conspiracy to defraud the United States out of land concessions in the Pacific Coast States. The entire morning was consumed in a fruitless attempt to get a jury. There were comparatively few challenges but for various reasons jurors were excused.

The four defendants sat through the morning proceedings all of them manifesting a keen interest.

Five of the ten peremptory challenges allowed to each side were exhausted before recess.

If you had taken two of Carters Little Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

# RUNAWAY HORSE TRAMPLES ON MAN'S FACE

## PLUCKY CHAUFFEUR GRABS BRIDLE AND IS INJURED

Collision in the Dark Scares the Horse

As a result of taking his sister and two of her friends out auto riding last night, Grover J. Chamberlain, a chauffeur, is now confined to his home at 1223 Alice street, with his nose broken in two places and his face badly lacerated. He was trampled on by a runaway horse that he tried to stop on the San Leandro road.

### Black Cat Was "Hoodoo."

Mrs. J. McMillan, Carlton Threlfall, Chamberlain, and his sister Leona, started out in the evening to make a run over the surrounding country. The evening was passing away peacefully enough until a black cat crossed the road in front of the machine. And now Miss Chamberlain insists that the feline's act caused all the trouble.

### Hits Heavy Wagon.

Almost immediately the big car nearly collided with a wagon, missing it by a hair's breadth. As Chamberlain righted his machine after this and, pointed homeward toward this city, threw on the high gear, the auto hit a heavy vegetable wagon driven by C. H. Rantau in a rear end collision. The driver of the horse was thrown off his seat and the animal ran away. But the auto escaped all damage.

Chamberlain immediately took the

man, who was not badly injured, into his machine and gave chase to the escaping horse. In a few moments the party caught up with the animal. Chamberlain stopped his machine, jumped out and, disregarding the shouts of his companions, grabbed for the horse's bridle.

### Crushed Under Wagon.

The animal reared and, in coming to the ground again put his hoof in the chauffeur's pocket. This bore Chamberlain to the ground and the animal started off again trampling on the prone man and dragging the wagon wheels over his face while the occupants of the machine could do nothing but scream.

After this, Chamberlain, still full of determination, caught the animal and tied him to a fence.

Then he made a quick run to the Receiving Hospital to have his injuries attended to, insisting on driving the auto himself all the way.

### A Real Hero.

This young man, it would seem, is a very likely candidate for a Carnegie hero medal. In addition to his brave act of last evening, he made quite a name for himself about a week ago during the burning of a lodging house at the corner of Telegraph avenue and Broadway.

He came home after that happening with his clothes drenched with water and explained to his mother that he was passing the fire and thought that many people would have been burned alive if he had not rushed in to help the firemen.

## For Naval Base at Pearl Harbor

WASHINGTON, April 3.—The House Naval committee today reported favorably a bill for the establishment of a naval base and the building of a dry dock at Pearl Harbor, Hawaii. The bill authorizes the expenditures in these projects of approximately \$4,500,000, of which \$650,000 is appropriated, and it recommends the limit of cost of the dock to \$2,000,000.

## POPULISTS WANT TO CURB POWER OF COURTS

Demand Government Ownership of Railroad, Telegraph and Telephone Lines.

ST. LOUIS, April 3.—The platform to be submitted to the Populist convention was completed at daylight after an all night session of the committee on resolutions. Much consideration was given to the money plank. "This plank declares that the issuing of money is a function of the government that should not be delegated to any corporation or industry. The demand is made that money be issued direct to the people without the intervention of banks."

The working of the national banking law was criticized and the demand made that the power to issue money be taken from the banks. The Adair bill is denounced as "a method by which the nation and the people can both be robbed. It has not in it an intelligent purpose that is honest." The Fowler bill is also denounced.

**Demand Public Ownership.** The plank on trusts demands that the government own and control the railroads and all public utilities which in their nature are monopolies. Ownership of the general telegraph and telephone lines and a parcels post are also asked.

Other planks submitted favor initiative and referendum and the power to recall; abolition of child labor and suppression of sweat shops; abolition of convict, as opposed to free labor; exclusion from America of foreign pauper laborers; eight hour work day; the passage of a law prohibiting courts from assuming jurisdiction involving the constitutionality of any law enacted by Congress and approved by the President.

Secretary of the Navy had not acted on a great faith in that he recently furnished many men of the Washington Navy Yard in the face of the estimate for a \$2,000,000 deficiency which was about to be granted. He referred to the present filibuster and said the Secretary, who once was a member of the House, being familiar with similar obstructions, no doubt felt that it would take several months before the money was obtained. The filibuster then was renewed. Mr. Tawney moving the previous question that general debate close at once. The yeas and nays were demanded by Mr. Williams and the roll accordingly was called for the third time.

## NOVEL WILL IS FILED WITH COUNTY CLERK

THE LATE ROBERT M'KAY.

## TESTATOR MAKES GHASTLY THREAT

Bequeathes Estate to Grand Army Post and Charitable Institutions.

William I. Aiberger and M. K. Walker filed a petition this morning for the probate of the will of the late Robert McKay, a civil war veteran, who died yesterday. It is one of the most novel documents ever filed with the Superior Court. The value of the estate is said to be about \$735. McKay died in this city on April 1. The will is as follows:

"To whom it may concern: That I, Robert McKay, do want this, my last will and testament, to be distinctly understood. I do give full power of attorney to Comrades W. I. Aiberger, George A. Norton and Comrades M. K. Walker, all past commanders of Lyon Post No. 5, G. A. R., Oakland, Cal.

"That in case of sudden death, which might occur from accident or from natural cause, to take possession of all my effects and to draw from Hibernian Bank all money there deposited to my credit and to dispose of as I request. Fifty dollars to Catholic Orphan Asylum; \$50 to Protestant Orphan Asylum; \$50 to a friend of mine named William Taylor; \$400 to Lyon Post No. 5, G. A. R., Oakland, Cal., to have a campfire after the regular sounding of taps, at such time wherever you feel like doing so. Please place a headstone at my grave and have manuscript upon it that I served Company E, Second Cavalry, California Volunteers of Local California Veterans, from 1862 until 1865. I have no relatives living so there is no use making any inquiries relative to them.

"Give me a plain send-off and dispose of my effects to suit yourselves and be sure and take everything that belongs to me. Pictures, clothing and in fact everything belongs to you; don't be slow in looking after my bank account; don't be bluffed by the public administrator or their deputies and take everything I leave behind and do what you like with them.

"Should any coroner, public administrator or ban official try to beat you by carrying out my wish in this matter, if I can get out of my grave I will make it very interesting for them.

"When all is over I think then there will be sufficient to pay you for your trouble, which I hope will be satisfactory to all concerned. There may be something deposited in the Central Bank on Fourteenth and Broadway, so give it a call just the same.

(Signed) "ROBERT M'KAY."

"Sergeant U. S. A. Retired." The funeral of Robert McKay will take place from the residence of James Taylor, Fifteenth and Jefferson streets, at 2 o'clock next Sunday afternoon, under the auspices of Lyon Post, No. 5, of which he was the officer of the day, serving his fourth year in the position. Sergeant McKay had a remarkable record as an American soldier. He came from Ireland a young man and enlisted

## DEMOCRATS KEEP UP FILIBUSTER IN HOUSE

Republicans, Sore at Tactics of Minority, Resolve to Carry "War Into Africa."

WASHINGTON, April 3.—The House committee on rules today agreed to a program to break the existing filibuster. It provides for the passage of the deficiency appropriation bill now before the house without intermediate mention and for the dispensing of the first reading of the District of Columbia appropriation bill, which is to follow the deficiency bill. It limits general debate on the district bill to two hours.

WASHINGTON, April 3.—Leaders of the two parties in the House agree that yesterday's engagement on the floor was but a skirmish preliminary to an extended battle in which the Democratic minority expects to fight out to a finish its program of endeavoring to secure by coercion certain legislation demanded by it and, in part, recommended by the President and the Republican party will abandon its defensive attitude and carry the war across the border. For the struggle both forces will strive for action and all such impediments as private bills and minor legislation in general will be cast aside and trampled under foot.

**Minority Program.** Five of the big appropriation bills—District of Columbia, Naval Academy, Naval, sundry civil and general deficiency—are yet to be disposed of, and as the fighting order of the minority is to compel action on selected measures by blocking all action, neither minor bills nor debates of any length must be allowed to consume the time remaining.

Mr. Williams, the leader of the minority, denies that the affair was in the nature of a filibuster. There was a slight attendance of members when the House convened today, due to the strenuous session of yesterday which ran far into the night. Both Messrs. Payne and Williams, the majority and minority leaders, respectively, however, were on hand prepared for the further parliamentary struggle which was soon again under way.

The call served to bring out the full strength of both parties. Having accomplished their purpose of obstruction, the Democrats joined the Republicans in voting for the approval of the journal, the proposition being carried, yeas 287, nays 2.

Because he was denied by the Speaker an opportunity to make a brief statement in connection with the supplementary urgency deficiency bill which Mr. Tawney (Maine) called up, Mr. Williams objected to its consideration, thereby forcing another roll call and again the Democrats voted in the affirmative, along with the Republicans. The House agreed to consider the bill, yeas 266, nays 1. **Accuses the Secretary.** A charge by Mr. Fitzgerald that the

## COUNCIL AND WATER COMPANY REACH AGREEMENT ON RATES

### Graduated Reductions to Establish Rates 27 Per Cent Lower Than in 1906 and to Fix Company's Revenue.

For the year beginning July 1, 1908, and ending June 30, 1909, the water rates at present in force in the city of Oakland shall be reduced ten per cent to the city of Oakland and to the private consumer of water, with the exception, however, that the rate chargeable on fire hydrants shall be reduced from \$3 to the sum of \$2.75 per month. All private consumers, however, not under the meter rate, shall be subject to a minimum charge of eighty-five cents per month.

That for the year commencing July 1, 1909, and ending June 30, 1910, there shall be a guaranteed reduction in rates charged to the city of Oakland and to the private consumers of water of not less than five per cent computed on the rates charged for year commencing July 1, 1908, and ending June 30, 1909; and that for the year commencing July 1, 1910, and ending June 30, 1911, there shall be a further guaranteed reduction in rates for water furnished to the city of Oakland and to the private consumers of water of not less than five per cent, computed upon the rates charged for year commencing July 1, 1909, and ending June 30, 1910.

The above is the kernel of an agreement, far-reaching in its effect which, if adopted by the City Council, will for all time place a valuation on the People's Water Company's plant as a basis for the fixing of rates to the consumers which will be gradually reduced in proportion to the increase in population and which will eventually establish the rates of the Dornin council adopted in 1904, which was blocked by injunction suits by the then Contra Costa Company. It was

introduced at a meeting of the City Council, sitting as a Committee of the Whole, last night, when the fixing of water rates for the ensuing year was taken up. In short, the company proposes to accept as a net income on the capital now invested in supplying the city of Oakland with water the sum of \$529,000, this sum being the net-earnings in the city of Oakland for the past year, in addition the company guarantees to reduce the rates ten per cent each of the two following years, so that when the fiscal year of 1910 is at hand the rates paid by the consumer, public and private, will be 27 per cent lower than the rate collected in 1906.

### Legal Interests Guarded.

In making the rate for future fiscal years it is proposed in the agreement that to the stipulated revenue of not more than \$529,000 each year shall be added a reasonable rate of interest on any capital investment that may in future be made. City Attorney McElroy and Attorneys W. R. Davis and R. M. Fitzgerald, special city counsel in the water rate cases, filed opinions that the legal interests of the city would not suffer by the acceptance of the proposal. The water company urged as a condition of the proposed agreement that the city shall agree to a six months' continuance of the injunction suits now pending and which the People's Water Company inherited from the old Contra Costa Company.

President Elliot was of the opinion that if the agreement were accepted by the Council, the plan for future municipal ownership of a water plant would be defeated. He considered it a grave question, and said that if the agreement should prove to be a solution of private ownership, municipal ownership would be lost sight of. Councilman Pendleton, who has given the water question most careful consideration and who was appointed a committee of one to draw up questions to be asked as a basis for fixing the rates, said that in his opinion the agreement was a step toward municipal ownership. President Elliot suggested that a clause be inserted in the agreement to the effect that the company would agree to give the city an option on its property for purchase at appraised value to be binding on the company and that the Council would be bound to put the question to the people for a vote. President Titus of the

water company, refused to even consider such a proposal.

### President Titus Talks.

President Louis Titus of the water company, said in reply to questions put by Councilman Pendleton, that the total revenue of the Oakland division of the company which includes all districts other than Alameda and Berkeley for last year was \$988,467.70, and the total expenses \$313,474.81. The litigation expected after the agreement, the distributing system of the city having been entirely outgrown. The company, he said, is laying new mains as fast as possible.

In speaking for the acceptance of the agreement and saying that it was the first proposal of its kind ever drawn up between a corporation and a municipality, J. W. Dockweiler, a recognized authority on water rate questions, said: "I urgently advise that this Council accept the agreement. It is a solution of a difficult problem. The water company has agreed to reduce the rates and not to raise the income. If any misfortune should overcome this community and it should fail to grow, the water company could not raise its rates to increase the income, this being the grav point for Oakland in the entire question."

**History of the Rates.** In presenting the report of the proposed agreement to the People's Water Company, Councilman Pendleton offered the following facts for consideration:

In 1904 the City Council of which Mr. Dornin was president agreed water rates which would yield a net return of 28 per cent, less than the rates that were then being enforced. The rates as established by the Council were not acceptable to the Contra Costa Water Co., which obtained an injunction from the

# Water Rates

(Continued from page 11.)

United Courts and proceeded to collect under the old and higher rate established by the preceding Council until July 1st of last year. The City Council last year established rates under an amicable agreement with the People's Water Co., the successor of the Contra Costa Water Co., affording a reduction of 10 per cent to the rate payers, 20 per cent to the municipality and 40 per cent in the hydrant rate. At the time of the passage of the water resolution, the People's Water Co. filed a stipulation to reduce the rates to the consumers only 5 per cent more for the succeeding year.

Upon a careful examination of the statement of the water company it is now apparent that they can make a larger reduction than they then offered. Therefore this agreement embodies a 10 per cent reduction in the rates both to the consumer and to the city.

**Permanent Agreement.** While it is evident to the advantage of the water company to accept this year to be established on a basis of equity to the city and to the water company, it is also evident that it is of a much higher importance to establish some fixed and assured basis of agreement by which the water rates can be determined with the same degree of fairness to both of the contracting parties for succeeding years as well.

This basis and starting point has been determined by the acceptance by the People's Water Co. of a sum of \$529,000 as a net return upon the capital they now have invested in supplying Oakland with water. This sum of \$529,000 is the net income derived the past year by the water company on the basis of the reduced rates. Next year and the following years they will receive the same amount of \$529,000, plus a reasonable rate of interest upon all new constructive outlays which will be properly classified as capital investments. As the amount to be received by the water company is thus determined and fixed the rates charged to the consumers will be reduced proportionately with the growth of the city.

**Water Company's Guarantee.** To show good faith on their part that a reduction under this agreement will ensue, the water company have guaranteed that the reduction next year will be at least 5 per cent and for the year following a further 5 per cent, so that commencing with the fiscal year 1910 the rates as agreed to, taking in consideration the reduction last year, will be at least 27 per cent less than the rates collected by the company in 1906. Thus by means of this compromise the people will eventually be charged the rates established by the Dornin council.

The following important stipulations are also embodied in this agreement. The company will install a much needed and much larger system of water mains in Linda Vista, in East Oakland Heights in upper Broadway, will complete a large storage reservoir in East Oakland will provide a method for determining on an equitable basis the question of overcharge and finally will stipulate that the water derived from the San Pablo water shed shall be used exclusively for the purpose of supplying Oakland. This latter stipulation is of great moment to the future development of the city as a minimum of eight million gallons per day can be obtained from this source alone.

**The Only Condition.** The request of the water company that we do not oppose an application by them for an extension of six months time in which to take testimony in the case now at issue in the Federal courts is the one and only material condition urged by the water company.

The request of the water company that we do not oppose an application by them for an extension of six months time in which to take testimony in the case now at issue in the Federal courts is the one and only material condition urged by the water company.

The request of the water company that we do not oppose an application by them for an extension of six months time in which to take testimony in the case now at issue in the Federal courts is the one and only material condition urged by the water company.

Respectfully submitted,  
B. H. FENDELTON.

**The Agreement.** The agreement adopted by the committee as follows:  
Oakland, California, March 28, 1908.  
To the Honorable the Council of the City of Oakland.

Gentlemen: As required by law, you have under consideration the matter of fixing rates or compensation to be charged by persons, companies and corporations, for the use of water supplied to the City of Oakland and the inhabitants thereof. As the undersigned is a corporation engaged in the business of supplying to the City of Oakland and the inhabitants thereof, water for public and domestic use, and as at the present time no agreement has been reached between the People's Water Company and your honorable body, as representing the City of Oakland, as to rates and amounts that should be established for the year beginning July 1st, 1908, and ending June 30, 1909, and collected during such year by any person or corporation engaged in the business of supplying water to the City of Oakland and the inhabitants thereof, it is deemed by the undersigned and for the best interests and advantages of the City of Oakland and the People's Water Company that all disagreements be avoided.

# Most Exquisite Millinery Styles at Hale's

Part of the display consists of hundreds of New York Hats we just received and many of our own faithful copies of Parisian models. Why are our hats such good values? Disputes Over Rates. People's Water Company will further agree that in case of any disagreement as to the proper rate to be charged any consumer that a re-survey may be made of said premises and if the rate contended for by said People's Water Company be erroneous, then and in that event, said People's Water Company will stand all the expenses of said re-survey, and will, in addition, refund any overcharges that have been previously made on account of such water service during the period of two years prior to the date of such re-survey. It being understood that in case the rate contended for by the San Pablo water shed and dam shall be used for the sole purpose of supplying the city of Oakland with water and that none of the present sources of supply, except Temescal reservoir, be withdrawn.

That for the year commencing July 1, 1909, and ending June 30, 1910, there shall be a guaranteed reduction in rates charged to the city of Oakland and to the private consumers of water of not less than 5 per cent, computed upon the rates charged for year commencing July 1, 1909, and ending June 30, 1910.

In consideration of the foregoing premises, the People's Water Company request that the Council of the City of Oakland, direct the city attorney and special counsel in actions pending in the

# FIGHT TO HINGE ON ELECTION OF WHEELER

Citizens and Taxpayers' League Object to Having Pedagogic Draft Charter.

BERKELEY, April 3.—The people of Berkeley will tomorrow vote for fifteen freeholders to frame a new town charter. The agitation for a better and more elaborate municipal machine because of the rapid growth of business and increase of population, has been in progress for months. All classes of business men and citizens are agreed that a change is imperative. At present the tax rate is fixed at 75 cents for local purposes and, although the levy last year was \$1.00, the extra 25 cents was devoted to bonds and sinking funds. Of the 75-cent levy but 45 cents can be used for carrying on the town business, the remainder going to the support of the schools.

**Will Provide Necessities.**  
Under the new charter the levy will be fixed for school and town purposes at \$1.00 straight. With an increased taxation and additional tax levy, money now urgently needed for many purposes will be available. There is need of a more extended street improvement plan, more money for police and firemen, and additional fire apparatus. The rapid extension of the suburban district has been a heavy burden on the street fund and the new charter, it is expected, will in a measure relieve this pressure and permit of paving and grading, the laying of sewers and other necessities.

**Model After Galveston's.**  
The charter which will be presented for the ratification of the voters later in the season will be modeled after the instruments in operation in Galveston and Des Moines. Prof. William Carey Jones will probably play a prominent part in its making. Jones is considered an authority on municipal government and has been investigating the subject for many years.

Prof. Jones heads the freeholders ticket, which will undoubtedly be elected. The others on the ticket are Benjamin Ide Wheeler, Christian Hoff, Beverly L. Hodghead, F. W. Foss, C. A. Blank, J. T. Renss, J. L. Tisdale, R. A. Berry, John M. Fox, J. T. Short, E. E. Newton, N. W. Wyckoff, J. W. Flinn, J. W. Richards.

**Opposition Ticket.**  
The citizens and taxpayers' league, a West Berkeley organization, has set up an opposition ticket, with three different names only on the list. In place of Dr. Wheeler they have named Simon Marenco, in place of S. N. Wyckoff, Dr. M. M. Roney, and for J. L. Tisdale, E. F. Nishaw. Dr. Roney is considered all connection with the West-end ticket but his name appears on the printed ballots. It is probable the main fight will be on the election of Wheeler.

# Society ...IN... Berkeley

BERKELEY, April 3.—Mr. and Mrs. Henry Avila entertained the members of the Fortnightly Bridge Club, at their home on Ward street, for an evening. Among those present were Mr. and Mrs. E. A. Cutter, Mr. and Mrs. J. Brewster, Mr. and Mrs. Clarence Vincent, Dr. and Mrs. W. M. Billings, Mr. and Mrs. Arthur Frey, Mr. and Mrs. James Sloan and Mr. and Mrs. W. C. Colson.

Mr. and Mrs. Percy J. Walker will leave April 12 for an extended tour of Europe. Little Miss Charlotte Walker will be the guest of her grandmother, Mrs. Lynn, in Sacramento, during the absence of her parents.

George H. May is among the Berkeleyans who have been recent visitors at Byron Hot Springs.

**CARD PARTY GUESTS.**  
A number of Berkeleyans have been included in the guest list for card party which Mrs. Dorothy Goodell Camm will give at her home in San Francisco on the afternoon of April 11.

Mrs. J. Mayer and Miss Leona Mayer are among the passengers who sailed for Bremen from New York on the Kaiser Wilhelm II on Tuesday.

Mrs. Paul Needham will be hostess at bridge on Saturday evening.

Mr. and Mrs. A. B. Cole will depart soon for Santa Ana to attend the G. A. R. convention.

Mrs. Edward S. Martin entertained a dozen guests informally at tea yesterday afternoon at her home in Claremont.

The members of the senior class of the University held their last assembly last evening at Hearst hall.

Mr. and Mrs. Lucien Langworth are entertaining as their house guest J. E. Painter.

# 'JUDGE' APOLOGIZES FOR NOT PUTTING BERKELEY ON THE MAP

BERKELEY, April 3.—Judge, the New York comic paper, in its current issue, makes editorially an apology to Berkeley for an oversight in leaving Berkeley out of a map recently published showing the towns about the bay that were preparing to enter the race of the Big Bear. The matter was called to the attention of the publishers by Secretary E. D. Burrows of the Chamber of Commerce. This morning Burrows received this reply: "Dear Sir: Permit me to call your attention to an editorial in Judge of March 23 and in addition to express our profound apologies for the omission of Berkeley on our cover cartoon of an earlier date. It is one of a list compiled for the instruction of our artist, and the exigencies of space led to the indiscriminate cutting of that list. "May we at the same time call your attention to the fact that we are dedicating our issue of April 23 to the Pacific slope and the welcome of the fleet? "Yours very truly, "BURGES JOHNSON, "Editor Judge." The editorial referred to by Mr. Johnson appears on the first page of the

Driver of Car Dashes Away in Darkness After Striking Vehicle.

ALAMEDA, April 3.—Martin Astig of 2313 Buena Vista street and two of his daughters were hurled from a buggy late last night on Central avenue near Walnut street when their vehicle was struck by an automobile running at a high rate. The occupants of the buggy were all severely bruised but were able to make their way home.

# ALAMEDA BREVITIES

**Fatal Illness in Jail.**—J. S. McCoy, a druggist, died last night at the emergency hospital, from alcoholism. It is stated, McCoy had been employed in the drugstore of A. M. Prosser, but was discharged some days ago. Wednesday he was arrested on the complaint of P. E. Townsend, 1377 Regent street, who alleged that McCoy was creating a disturbance in Townsend's house, where he roomed. When taken to the city prison, McCoy fell into a stupor from which he did not rally. McCoy had been in Alameda but a short time and little is known here concerning him. He came from San Francisco.

**Adelphi Club Officers.**—The Adelphi Club has elected the following officers to serve for one year: President, Mrs. H. L. Eastman; first vice-president, Mrs. H. L. Eastman; second vice-president, Mrs. James E. Higgins; treasurer, Mrs. C. C. Halsey; board of directors, Mrs. E. J. Dodge, Mrs. E. D. Rus, Mrs. S. M. Haslett, Mrs. J. L. Gould, Mrs. John Fougua, Mrs. C. A. Allardice, Mrs. J. D. Bishop.

**Students Preparing Rally.**—The executive committee of the student body of the Alameda High School has arranged plans for the big rally, dance, vaudeville show and general celebration to be held after the vacation week ends on Central avenue and the baseball team of the Woodland High School will be guests at the rally.

**Singers to Give Dance.**—The Alameda Gesangs Verein, a German singing society, will give a social and dance in Foresters' Hall, Santa Clara avenue and Park street, Saturday night.

**Longfellow Defeat Porters.**—The second baseball game of the Longfellow Grammar School defeated the second team of the Porter Grammar School Wednesday by a score of 3 to 5. Eugene Hinds and Bert Smith formed the battery for the winners.

Ex-Convict From San Quentin Makes Away With Jewels.

BERKELEY, April 3.—The Berkeley police want Charlie Fong, until recently cook in one of the most fashionable hillside homes, for the theft of \$1000 worth of jewels from the residence of B. F. Weston, a lumber millionaire, living at the corner of Piedmont and Channing

CHARLIE FONG.

Way. Fong is believed to be one of the cleverest thieves in the country. He succeeded in getting a job as a servant at the Weston home just three days before the robbery and he has successfully covered up his trail since, despite that there is a reward now offered of \$150 by Weston, his victim, and the police of Berkeley and Oakland want him for a number of similar robberies.

Fong was sent to San Quentin in 1923 for three years. A portion of the plunder of the Weston home was recovered yesterday in an Oakland pawnshop.

**Superintendent V. E. Frodson** is in favor of the plan of going ahead immediately and improving the east side of the Webster street roadway, which was recently filled in with mud pumped from the estuary. Frodson believes that the mud should be allowed at least a year in which to settle before the finishing crown is put on.

**New City Flag Pole.**—The city will erect a ninety-foot flag pole on the southeast corner of the City Hall lot. The big staff will stand near the Dewey trophy cannon that was taken from a Spanish cruiser at Manila.

**Funeral of Mrs. M. J. Talvey.**—The funeral of the late Mrs. Mary J. Talvey was held this morning from the undertaking chapel of Smiley & Gallagher thence to St. Joseph's Church, where requiem mass was celebrated at 8 o'clock. The remains were laid to rest in Holy Cross Cemetery. Mrs. Talvey was the mother of Mrs. H. K. Coney and was a native of San Francisco, 65 years of age.

**Will Give Lenten Sermon.**—Rev. David Evans, rector of Grace Episcopal Church of San Francisco, will preach a Lenten sermon tonight in Christ Episcopal Church.

**Delivery Wagon Smashed.**—Car 161 of the Oakland Traction Company demolished a delivery wagon belonging to the Thomas-Fellow Plating Works, last evening on Santa Clara avenue near Everett street. Joseph Baitois, who was driving the wagon, was slightly injured.

**Plenty of Trouble** is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. "See at Osgood Bros." Drug Stores.

It is probable that unless relief is obtained within the next twenty-four hours of this city will ask the State officials to step in and take charge of the whole situation on the ground that the health of the city is menaced and extraordinary measures are urged.

**Money Provided.**  
Learning that the town trustees had thrown up their hands in the garbage fight and had refused to provide legal assistance for the scavengers in the injunction proceedings brought by the residents of Ocean View district to prevent dumping on the old boneyard property, the Chamber of Commerce voted last night to take up the fight, to provide funds for the defense of Joe Birella and his drivers and to secure evidence to offset the contentions of the petitioners for injunction before Judge Melvin.

**Appointment Committee.**  
A special committee composed of B. F. Brooks, C. C. Justice, W. E. Wootley, F. W. Richardson, E. H. Hallett and W. J. Mortimer was appointed to employ attorneys and to fight the court proceedings pending in the Superior Court in Oakland. A second committee composed of Percy W. Scott, W. E. Irwin and George B. Oehlert was selected to wait upon the officials of the San Francisco Chemical Company and endeavor to offset pressure being brought to bear upon them by interested Ocean View to revoke the dumping privileges.

"This garbage matter is no joke, although many of our people seem to regard it so," said B. F. Brooks. "Here we are told that our city government has been taken down and that the trustees wash their hands of the whole matter. Isn't this a nice state of affairs? If the trustees are not going to do the best they can why don't they, in the name of goodness, resign, and let somebody who will do something take their place? There is something radically wrong in this whole garbage question. There is something hidden in it. It is not because there is a possibility of a nuisance being created, but that the trouble has originated. There is something deeper in the deal. But this Chamber of Commerce, as a body of men having the welfare of the town at heart, must step in, go to the front and pull the town out of the hole."

Brooks' words were received with much applause and the meeting adjourned primed with enthusiasm to grapple with the garbage puzzle.

ALAMEDA, April 3.—Miss Lois Vida Bronson, daughter of Dr. and Mrs. C. M. Bronson of this city, and Johannes Gubalke were married Tuesday at the home of a friend of the bride in San Jose. Mrs. Gubalke is a graduate of the University of California. She and her husband have taken apartments at the Hotel Santa Clara on Santa Clara avenue, near Park street.

Mrs. Montemarie Haslett will be the hostess at a dinner to be given this evening in honor of Mr. and Mrs. Sidney Haslett.

Mrs. A. Carpenter, her daughter, Miss Marguerite, and Miss Bessie O'Connor have gone to Johannesburg, Napa county, to spend several weeks.

L. H. Maghel, one of the department managers of a San Francisco firm, is having a residence erected on Alameda avenue, between Grand and Park streets, and will move his family to Alameda in six weeks.

Colonel and Mrs. E. W. Maslin had as guests at a dinner given at their home on San Jose avenue Wednesday evening, Colonel and Mrs. John P. Irish, Dr. and Mrs. Huse and Mr. and Mrs. Herbert D. Clark.

After the meeting of the Unitarian Club Wednesday night the same party enjoyed a supper at the home of Mr. and Mrs. Herbert D. Clark.

**O'BRIEN'S FUNERAL TO BE HELD MONDAY**

ALAMEDA, April 3.—The funeral of the late Frank O'Brien, the young newspaper man who died yesterday, will be held Monday morning from the home of his mother, Mrs. Nora O'Brien, 2124 Santa Clara avenue, thence to St. Joseph's church, where a requiem mass will be said.

Interment will be in St. Mary's Cemetery, Oakland.

# STUDIO CLUB PLAYS TO BE GIVEN AGAIN

MISS RAY SIMONDS. MISS L. ROGERS. —Laura Armer Photo.

BERKELEY, April 3.—Society folks of Berkeley are displaying much interest in a dramatic evening to be given Monday night in Hillside clubhouse by the members of the studio club. Two plays by Charles Keeler, "Art or Love" and "Will-O-the-Wisp," which were presented last Monday evening, will be repeated by request. The leading society women of the college town will act as matrons at this affair.

Music-lovers, playwrights and critics of the bay cities who did not have an opportunity to witness the last performance will be present. Mrs. Ray Simonds, who is well known in musical circles, composed the music which runs through "Will-O-the-Wisp," a romance. Miss L. Rogers, a talented vocalist, will sing during the play. The music is a feature of the performance.

Among those who will participate in the plays are Miss Janice Meredith, Sam Hume, Mrs. Annie W. Brigham, Mrs. A. O. Leuschner, Professor Charles Von Newmeyer. Those directing the performances are Charles Keeler, W. J. Doyle, Ray Simonds.

# TRUSTEE TO TRY TO STOP BLASTING IN QUARRY

Too Heavy Charges of Powder Used, Is Complaint.

BERKELEY, April 3.—There will be no more blasting in the quarry of the Spring Construction Co. in North Berkeley after next Tuesday is the promise made to the people of that end of the town by their trustee, Fred Connor. The tremendous blast of two days ago which broke a high power wire and endangered the lives of the two children of Dr. W. B. Schnott, has moved the trustee of the first ward to drastic action.

"The most delay that the parties interested in this quarry can secure from me is until the next meeting of the board, which will be next Tuesday, unless a special meeting is called before then. On that evening I shall introduce a resolution to revoke this blasting permit," Trustee Connor made this assurance to the North Berkeley Improvement Club last night.

From Trustee Connor's statement the breaking of the high voltage power wire the other night was only a repetition of a similar accident which occurred some days ago when two such wires went down after an unusually large blast.

Trustee Connor said that company had been given every chance to act fairly in the matter and had failed to make good.

George W. Emmons III.—George W. Emmons, prominent in San Francisco business circles, is seriously ill at his residence in Lafayette street. He is suffering from the effects of ptomaine poisoning and is also threatened with appendicitis.

# SORORITY GIRLS ARE APRIL FOOLED

Fifty Co-Eds Fall Victims to Hoax of a Certain Mrs. McCloud.

BERKELEY, April 3.—Who is Mrs. Julia McCloud? Every college woman in Berkeley is looking for her today and asking sheepishly corners where the lady may be.

This is what happened. Early yesterday morning the sorority houses received this letter: "It is with pleasure that I extend to the members of your sorority an invitation from the Ladies' Special Committee on entertaining the best to aid us in receiving on board the ships on their arrival."

"Because of the unquestioned social standing of your fraternity your members have been strongly recommended to us as particularly fitted for the honor. Only those most prominent in social circles will be afforded an opportunity to board the flagship at the state reception when Governor Gillette welcomes Admiral Evans and his officers in the name of the state of California. The governor has deemed it advisory that the representative women of the University assist at this function."

"I will be at your university and will meet the young ladies in Room 113, California Hall, at 4 p. m. Thursday. It is imperative that those who have acquaintances or friends among the commissioned officers on any of the ships be in attendance at this hour. Expense should not hinder any one from attending this affair."

"Very truly yours, "JULIA E. MCCLLOUD, Chairman." A half hundred sorority girls were on hand at the appointed hour to find a printed notice asking them to wait until 4 o'clock. They did and they are still waiting. They believe that they have been the victims of an April fool hoax. Anyhow, Mrs. McCloud, whoever she is, has developed the fact that the co-eds take easy bait.

# PRESS ASSOCIATION TO GO ON EXCURSION

BERKELEY, April 3.—Plans for the coming excursion of the California Press Association were completed at a meeting yesterday afternoon. The party will leave for Los Angeles on April 20 and after visiting the various cities and resorts of the south will return on April 28.

Those present at the meeting were Friend W. Richardson, Gazette, Berkeley; president; Duncan McPherson, Sentinel, Santa Cruz, treasurer; O. A. King, Herald, Benicia, acting secretary; W. D. Pennycook, Chronicle, Vallejo; G. B. Daniels, Enquirer, Oakland; A. L. Lemmon, Republican, Santa Rosa; F. R. Mackin, Star, St. Helena; S. H. Olmsted, Journal, San Rafael; and J. B. Sanford, Dispatch-Democrat, Ukiah.

# UNITARIANS ELECT BOARD OF DIRECTORS

ALAMEDA, April 3.—The Pacific Coast Unitarian conference concluded its three days' meeting in the First Unitarian Church last night, and adjourned to convene next year in Seattle. Directors were elected as follows: Rev. Bart Bates Howard, William P. Olds, Miss Helen Spalding, William H. Payson, W. S. Wilson, Miss Estelle Shepard, Francis Cutting, W. H. Gorman, Horace Davis, Rev. E. A. Goodridge, V. H. Murdock and Rev. Sidney Snow.

## NATIVE BOXER IS GREAT DRAWING CARD STATE LEAGUE OPENS SEASON AT ALAMEDA TOMORROW

### JIMMY BRITT HAS BEEN A GREAT DRAWING CARD

#### Plumber Boy Has Run a Close Race With Jeffries as Premier Attraction in San Francisco.

By EDDIE SMITH.

When Jimmy Britt was an amateur boxer he was the rising sensation of the Olympic Club tournaments and was touted as the best boxer that the Olympic Club ever turned out. He was touted so highly that he was the local papers so often that he was sought after by every promoter of professional fights around the bay as an attraction.

Billy Livington, at that time managing the Olympic Club of this city, was the lucky one and signed the slaying amateur for a fifteen round contest with Tony Irwin, who at the time was a great card.

The contest lasted fifteen rounds and Britt was given the decision, that was expected by his friends, but the money he received was beyond the hopes of even his managerial brother, Britt in that, his first professional fight, received more money for his effort than any other professional fighter that ever lived, and being about \$15,000.

Since that time Jimmy has always been a great card and with Jim Jeffries he has been the best card since the promoters of San Francisco have had. To take Britt's four fights and add the gate receipts it will be seen that Jeffries is a four winner by \$2000.

#### Runs True to Form.

Britt's total is a little shy of the amount that Jeff has drawn but the following list of purses will show that he has been a more consistent drawing card for without the big receipts of the Jeffries-Corbett contest Britt has been beaten and had it not been for the wrangle over the referee for the Britt-Livington contest, which knocked the gate receipts more than some would believe, he would have been the big fellow by a good deal.

|                |           |
|----------------|-----------|
| Jeff-Corbett   | \$23,340  |
| Jeff-Livington | 31,830    |
| Jeff-Rubin     | 30,790    |
| Jeff-Murphy    | 21,600    |
| Total          | \$116,560 |

Harry Gilmore, manager of Packey McFarland, announced last night that Jack Volan was his selection for referee of the Britt-McFarland contest, and as he had the privilege of naming the man the selection stands approved.

Nelson-Gans Talked Of.

Jack Gleason is after a match with Joe Gans and Battling Nelson for his May date and if he can secure this pair for a twenty round battle at 135 pounds at Ringside the contest will prove a great drawing card.

Gans and Nelson have been at danger ends ever since the contest at Goldfield and they are dead anxious to get another chance at one another. That may stand in the way of a match is the weight that Nelson may demand, but if Gleason can make that match he has a mighty good card.

### Mike Twin Wants To Fight Winner

LOS ANGELES, April 3.—Both Jimmy Gardner and Harry Lewis have accepted the offer of promoter Jim Jeffries to fight before his club April 23. The battle will be scheduled for twenty-five rounds, and Jeff has offered the men a guaranteed purse of \$3000 to be divided any way the men agree.

When Mike (Twin) Sullivan heard that this pair was matched he immediately got in communication with this paper and authorized it to issue a challenge on his behalf to the winner. Sullivan has a decision over Gardner. Mike (Twin) is in good shape now and he thinks he could take care of either Gardner or Lewis in fine style.

### Memsic Fights Brock Tonight

LOS ANGELES, April 3.—George Memsic and Phil Brock will meet in a ten round no decision match at Los Angeles tonight. The men are to weigh in at 123 pounds at 8 o'clock. Both men are in excellent condition. Memsic, who lost to Boer Unhoiz, will try to redeem himself tonight.

Memsic weighed 132 pounds yesterday, while Brock's weight was 128. Indications point to a slugging battle. Clarence English is on hand to challenge the winner.

### VARSITY MEN WILL PLAY BASEBALL GAME SATURDAY

By DOUGLAS PARKER.

The first intercollegiate contest in baseball will take place Saturday when California and Stanford cross bats at Palo Alto on the college campus.

If preliminary games can be counted on, the one on Saturday between the two rival colleges will be very snappy and with plenty of fast batting and fielding. Coaches Dickenson and Presley have developed batters of a high order, as proved by the number of hits in the preliminary practice games. Those who go to the game on Saturday will see without doubt a very interesting game, for a baseball game which is characterized by a large number of hits is one which keeps the spectator guessing.

The Blue and Gold team has not won as many games as the Cardinal bunch, but this can hardly be taken as a fair forecast of the result, as proven by the games of the previous years. Stanford defeated the St. Vincent team of Los Angeles in three out of four games, while California lost three out of four games to the same college. With St. Mary's and Santa Clara they have about broken even with Stanford. A lot of bad luck in the number of injuries that the Blue and Gold bunch has had may have something to do with this. During the games with the St. Vincent team down south half of the California team was injured in one way or another.

One big thing to be taken into consideration in regard to the Stanford nine is the loss of Sampson, the crack shortstop, who was suspended during the recent faculty trouble. This breaks up the entire infield, for Fenton has been moved to short, Scott to third base and Owen brought in from the field to play second. Scofield has been put in Owens' place at left. This is a big hardship, for Sampson was a sure fielder and fast on the bases, besides being a veteran who might possibly save the game in a tight pinch.

Jordan, who will pitch for California, has been on the varsity for four years, and is one of the strongest pitchers they have ever had, having twirled several no-hit games. The team under him will line up as follows: C. Myers, catcher; L. E. Myers, first base; Reed, second base; Smith, third base; Lewis, shortstop; L. Myers, left field; Butler, center field; Al. Bolinsky, right field.

### THE W. P. FULLER BALL TEAM OF OAKLAND, CAPTAINED BY MAURICE MARKOVITZ, A STAR

### HUMBOLDT, IOWA, FARMER WILL GRAPPLE WITH HACKENSCHMIDT, LION OF RUSSIA

Hackenschmidt Lion of Russia, conqueror of big Turks, and Tom Jenkins, is ready for his match with Frank Gotch of Humboldt, Iowa, which is to take place at Chicago tonight. The pair of giant grapplers are to wrestle at Dexter Park Pavilion in the stockyards district, and Eddie Smith, a Chicago Journalist, has been selected as the referee.

Hackenschmidt, who is the marvel of the wrestling game, thinks that he already has the long end of the purse won.

The men are to receive \$10,000 for their work, and a great throng is expected to see them wrestle.

Gotch is confident that he can show the king of the grapplers. He is a bit nervous, however, and was irritable last night.

The big Russian is one of the greatest specimens of physical architecture in the world. He will weigh about 290 pounds when he goes on the mat tonight and match will weigh in at about the same figure.

Not since he began wrestling has Hackenschmidt met his equal. He has defeated the best wrestlers in the world and his friends look for him to win an easy victory from the American champion. The Russian has refused matches with men like Fiedoroff, Petroff and other giants, and some think that he fears these giants of brawn. Hack, however, has always claimed that their physical engagements have kept him from meeting these men.

The arena where the bout is to be held will hold 12,000, and the receipts are expected to reach the \$40,000 mark.

### ALAMEDA COUNTY HIGH SCHOOLS MAY WITHDRAW FROM THE ACADEMIC LEAGUE

BERKELEY, April 3.—The war between the high schools of Alameda county and the Academic League is still on, and is being pushed with great energy by the high school students. The situation, and unless the Academic League accedes to the demand of the high schools, a withdrawal of the Berkeley, Oakland and Alameda high schools is looked for.

The differences between the high schools of Alameda county and the Academic League are of long standing. Several months ago Berkeley high demanded that 50 per cent of gate receipts be turned over to the schools, as the funds of the track teams were low. Oakland and Alameda joined to the request, and when the league refused it they found more grievances, chief of which was that the representation was the same in a school of 1000 students as in a school of only 50 students. The league ignored this. Since then Oakland, Berkeley and Alameda schools have been threatening to secede.

If the three protesting schools leave the Academic league they will form a local league.

### JONES AND GARRETT WILL BE PITCHERS IN OPENER

#### Long Will Send His Best Pitcher In to Oppose the Giant of Walt McCredie's Staff.

(By T. P. MAGILLIGAN.)

When the hands of the old town clock turn to 3 tomorrow afternoon, the shrill voice of Umpire Honest Jack O'Connell will shatter the atmosphere with the soul-thrilling cry of "Play Ball," and the 1938 season of the Pacific Coast League will be ushered in.

Portland's Beavers and San Francisco's Seals will be the opposing teams. Danny Long has announced his intention of sending his star line, while McCredie will pin what faith he has in winning in the pitching prop. A monster parade, led by play ball, will precede the game. The players will ride in automobiles and the parade will be through the main streets of the city.

Both Portland and San Francisco will present bold fronts tomorrow. McCredie has been combining the minor leagues for good material and it looks as though he has landed a fair lot of ball-throwers.

Danny Long seems to be the eye that never sleeps in baseball, and he has picked up a nifty looking aggregation of young men.

The prep work for a good season is bright. For the various magnates of the Pacific Coast League looking for the best season in the history of the game.

Angels and Oakland.

While the men of McCredie and Long are making war on each other, Van Halstren's Cubs will be mixing it with Frank Dillon's tigerish bunch at Los Angeles.

Van Halstren likely send Red Bill Wright, his best pitcher, to the firing line. Dolly Gray will be the selection of Hen Berry to do the mound honors. Oakland has a fair line-up and with luck all favorable they should get close to an even break with last year's league champions.

Scruggs and Altman, new men, will be seen in the line-up of the Comets, while Scruggs will fill Haley's shoes at second. Jimmy Smith is still out of the game with his injured foot, and Conroy, a New York League recruit, will take his place in left field. A good crowd is expected at Los Angeles.

Cooney Is Neat.

In Cooney McCredie seems to have picked up a neat and peppery little infielder. Cooney is a ringer for Norman Elberfeld of the New York Americans, and resembles that player in having life, vim and vigor in his fielding. He is in the play all the time, and scents the ball with the nose of a true infielder. Cooney is smallish, pugnacious and full of fight.

He played a pretty game here against St. Mary's yesterday, and

### Johnson to Fight For Tom McCarey

LOS ANGELES, April 3.—Battling Johnson, who was an amateur around San Francisco, has become a card since his last fight with Flynn here, and the local clubs are fighting to book him. After the Flynn fight Johnson gave McCarey the word. Yesterday he assured Jeffries that he would fight Dave Barry before his club. However, McCarey and Johnson's manager have convinced the fellow that it would be better to fight in Los Angeles and Johnson has agreed to meet Flynn in Los Angeles about April 12.

### Sailors Will Fight At Mare Island

VALLEJO, April 3.—Some lively boxing will be held in the drill hall at the Mare Island Navy Yard next Tuesday. The main event is to be between Blue Dan of the West Virginia and Chapman of the Maryland. Jim Chase of Vallejo will meet Tom Neill of the West Virginia. There will be two interesting preliminaries.

### Amateur Notes

The Piedmonts opened their 1938 season last Sunday in winning form, defeating the crack Golden State ball team to the tune of 5 to 3. The pitching of Powers, who allowed four hits, and the fielding of Shortstop The Bulls, as was the holding of the initial sack, made the game very interesting for the Piedmont rooters.

Durpe of the Golden State was touched for ten hits, but on account of the fielding of his teammates held the Piedmonts down to five runs. Powers, Doane, Cahill, Holdrum carried off the batting honors. Teams wishing games county teams preferred, respond to Frank Cahill, 462 Piedmont avenue, Oakland, Cal.

The Emeryville Stars defeated the Vallejo Stars Saturday in a one-sided game of baseball. The feature of the game was the home run hit of Charlie Kroth of the winning team. The lineup of the winners was as follows: M. Loustalot, center field; V. Loustalot, first base; V. Andre, pitcher; Charlie Kroth, third base; E. Camero, second base; E. Dool, catcher; L. Smith, shortstop; R. Dool, left field; E. Landers and John Holmes, right field.

nights a wild pitch. That was the only misplay of the afternoon, so far as the professionals were concerned.

The Beavers started well in the first inning, when Casey hit for two bags and scored when Rattery hit to deep center for three, the Portland center fielder, making the circuit on a fielder's choice. Basesy annexed the third run on a single, a stolen base and a nice hit that Cooney sent into left field.

An error by Feeney, the Phoenix second baseman, started Danzig around the bases in the fifth and he was boosted home by Madden's timely hit over short. The Portlanders made it five when they got their last run in the ninth. This Phoenix infield pulled off a couple of speedy double plays.

### Portland Pitchers Work in Fine Form

With Groom and Kinsella pitching in mid-season form, allowing neither hit nor run and allowing but one opponent to reach first, the Portland Beavers turned the tables on the Phoenix team at Freeman's Park by a score of 5 to 3. Krause, the young college hero, who leaves in a couple of days to join Connie Mack's Athletics, was touched for thirteen hits and walked three. He was accorded poor support at critical moments by the infield, which had much to do with the Portland tally.

In all departments of the game the Beavers played a decided improvement. Madden caught, to show that his injured hand is better, and there were sensational fielding stunts scattered all the way through. In the fifth inning, with two strikes called, Dunn swung at wide ball and reached first. Madden necessarily gets an error on what was by

### SUGARMAID UNDER WRAPS, WINS OAKVILLE HANDICAP

#### Burton's Shifty Mare Easily Scores Third Straight Victory --- Ellered, Heavily Played, Makes Good in a Romp.

BY LEE DEMIER.

In Sugarmaid, the Fleur de Lis Stable certainly has one of the most consistent and shiftest bread winners now stabled at Williams Park. The Oakville handicap, yesterday's racing feature, proved only an exercise gallop for this sweet mare, and her backers were never in doubt, as she sallied from wire to wire, scoring her third straight victory, with something in reserve. Hilgert and Fred Bent were the only two of the other four starters which cut any figure in the running, and after a shake-up at the head of the stretch, the former drew away, scoring by a length.

Freddie, the second choice, was right on edge and taking the lead early, won the opening scramble in a romp. Calia easily disposed of El Othros, the favorite for second place.

Tom Hayward experienced very little difficulty in graduating from the maid class. Miller sent the Cunard gelding to the front at the start and was never in trouble. Rosanna under a hard drive outgamed Schmooser for the place.

Quite a clean up was made by the wise contingent on the win of Elberd, who in doubt, and just breezed all the way. Nellie Racine beat Phaz, the choice, five lengths for the place.

Wap, the topheavy choice in the fifth, got a flying start and made a run for it. Jack's horse never left the issue in doubt, and just breezed all the way. Nellie Racine beat Phaz, the choice, five lengths for the place.

Cloudlight beat the gate in the final sprint and (incarnated all the way, winning by a safe margin at the end. Silky Stocking easily disposed of Shari another outsider, for second place.

Owner Oswald Banfield offered to sell Hilgert, Scott's first runner, before the race. The deal fell through.

Scotty Ferguson and his partner, Joe Wilcox, two well known Seattle well known good caterers and lovers of the thoroughbreds are taking in the game at Williams Park. Ferguson won a nice bet on Sugarmaid.

Owner H. G. Eddy and his friends cleaned up on Silver Stocking, place and show.

Trainer C. Burton and Jockey Burton are a good pair to spring with.

St. Elwood has gone back, so says Trainer "Butch" Coffey.

Hilgert, with the light impost of 82 pounds, well played by the students of the midnight oil.

If C. Redwell lifted the selling price of Elberd from \$500 to \$1800. The horse never changed stalls.

The Oakland crowd took Rosanna place and show in the two-year-old race. Jack Crane's filly had no trouble falling in the lead.

At the protesting schools have the Academic league they will form a local league.

There was a fiction fight between Paddy Lynch's Frolic and Calia, from the barn to Frank Rose. The former got the decision with some show to spare. Both owners are well known Emeryville caterers.

El Othros was the good thing that went glimmering.

The books got a number of wise bets on Lughna to show. Stevens' mare was never in the hunt.

Owner Johnny Miller, the popular Emeryville horseman and a friend of some solid amounts on the win of Tom Hayward, who took the two-year-old race in handy fashion.

Trainer Hawkes uncocked a good thing when Ellered captured the six furlong dash with Jockey McIntyre in the boot.

The Family Club Handicap will be the star attraction at Williams Park Saturday.

The Seattle delegation that held tickets on Elberd have a kick coming.

Eve Hye II to show looking easy for the limb players a few yards from the wire.

Sam Barber paraded to the post with a clean shave and a hair cut.

The short end players side stepped Wap, which was held in the betting at 3 to 5. The Waterman filly proved that she was an odds-on choice by walking away from this field in the mile dash.

Bobby Shaffa was thought by the wire set to have had a chance to be in the money, and at post time was heavily played, place and show.

Abie Atwell, America's greatest little fighter, made his first appearance at the track yesterday since his "go" with Nelson. The noted pugilist was the center of attraction during the afternoon.

Jockey Sandy has decided to take a rest for a week at least.

Bookmaker Hugh Jones is on his way from Arcadia. So is Conductor McManus.

Clocker Tony Thureville showed up yesterday for the first time in several days.

EXTRA! EXTRA! Charley Commerford (Red) will be here after the blow off at Arcadia.

Charley Eckels, accompanied by his suit case, wired the Sausalito delegation that he will leave Arcadia Saturday night.

Peck, the barber, has arrived at Emeryville from Arcadia.

Bookmaker H. B. Sherry has wired from Arcadia that he will be one of those that will appear upon the scene at Williams Park Monday.

Two more days of racing at Arcadia.

Samuel Ross and William Cooper, owners of the horses which formerly raced in the name of the Columbia Stable, have dropped out of the picture. The horses are racing at Washington in the name of Mr. Ross.

Hugh Owen, who was one of the English Jockey Club starters was killed a few weeks ago by a fall in the hunting field. He had in his younger days ridden many races on the flat and across country without an accident.

Tomorrow (Saturday) is Get-Away Day at Arcadia.

Greeno came out of the First Benning Spring Handicap race heading profusely from several cuts on his forelegs, which, in the opinion of his new owner R. Angaria, will keep him in the stable during the rest of the meeting.

J. S. Page, steward of the National Steeplechase and Hunt Association during the Washington meeting, sustained a broken collarbone when Yana Christ fell with him in the fifth race at Washington on the opening day. Mr. Page expects to be able to ride again at the Belmont Park meeting.

W. F. Maxwell is now the owner of Barbetie.

There was nineteen in line at the last cut in at Arcadia.

### Season Opens at Alameda Tomorrow

ALAMEDA, April 3.—Unusual enthusiasm is being shown by the residents of this city over the opening of the State League season here tomorrow afternoon. Alameda and Stockton, the champions of the league, will furnish the first bill of the season.

There will be a big automobile parade through the streets of Alameda before the opening of the game.

Stockton has some of the best material in the Pacific Coast, and a great crowd is expected out to see the regular opening.

The grounds are in great condition for the opening, and a snappy game is looked for. The railroads will run a special excursion from Stockton to Alameda.

Alameda—Broadbent, shortstop; Dewey, left field; Russell, second base; Hartman, center field; Shor, right field; Burns, catcher; Rogers, first base; Hallman, third base; Johnson, Nelson and Peterson, pitchers.

Stockton—Shay, second base; Campbell, center field; Moriarty, shortstop; Moskman, left field; Henderson, pitcher; Hackett, catcher; Murphy, first base; Morrison, right field; Joyce, third base.

NATIVE BOXER IS GREAT DRAWING CARD STATE LEAGUE OPENS SEASON AT ALAMEDA TOMORROW

## JIMMY BRITT HAS BEEN A GREAT DRAWING CARD

Plumber Boy Has Run a Close Race With Jeffries as Premier Attraction in San Francisco.

By EDDIE SMITH.

WHEN Jimmy Britt was an amateur boxer he was the rising sensation of the Olympic Club tournaments and was touted as the best boxer that the Olympic Club ever turned out. He was touted so highly that he was sought after by every promoter of professional fights around the bay as an attraction. Jimmy Britt, at that time manager of the Olympic Club of this city, was the lucky one and signed the almighty amateur for a fifteen round contest with Tony Irwin, who at the time was a 6-4 card here.

Since that time Jimmy has always been a great card and with Jim Jeffries he has been the best gold mine the promoters of San Francisco have had. To take Britt's four fights and add the gate receipts it will be seen that Jeffries is a scant winner by \$300.

Britt's total is a little shy of the amount that Jeff has drawn but the following list of purses will show that he has been a more consistent drawing card for without the big receipts of the Jeffries-Corbett contest, Britt has him beaten and had it not been for the wrangle over the referee for the Britt-Elson contest, which knocked out the receipts more than twice as much as he would have been the best fellow by a good deal.

Jeff-Corbett.....\$62,349  
Britt-Elson.....31,800  
Britt-Corbett.....30,700  
Britt-Murphy.....21,600  
Total.....\$146,449

Britt-Elson (Colma).....35,000  
Britt-Corbett.....32,400  
Britt-Elson (04).....26,770  
Total.....\$143,321

This remarkable drawing power of Britt's has come about through circumstances that other fighters lacked, that is they did not have all the qualities possessed by the ex-plumber boy. To think of a lightweight who was not even the recognized champion of his class being on an equal with the heavyweight champion of the world is almost beyond belief, it being an acknowledged fact that the big fellows are the best cards and draw the best prices and yet here is a lightweight that has come along and made more money than the man who was champion big fellow at the same time he was drawing these houses.

Mike Twin Wants To Fight Winner

LOS ANGELES, April 3.—Both Jimmy Gardner and Harry Lewis have accepted the offer of promoter Jim Jeffries to fight before his club April 27. The battle will be scheduled for twenty-five rounds, and Jeff has offered the men a guaranteed purse of \$2000 to be divided any way the two men agree.

Memsic weighed 132 pounds yesterday, while Brock's weight was 128. Indications point to a slashing battle. Clarence English is on hand to challenge the winner.

The Blue and Gold team has not won as many games as the Cardinal bunch, but this can hardly be taken as a fair forecast of the result, as proven by the games of the previous years. Stanford defeated the St. Vincent team of Los Angeles in three out of four games, while California lost three out of four games to the same college. With St. Mary's and Santa Clara they have about broken even with Stanford. A lot of bad luck in the number of injuries that the Blue and Gold bunch has had may have something to do with this. During the games with the St. Vincent team down south half of the California team was injured in one way or another.

On a big thing to be taken into consideration in regard to the Stanford nine is the loss of Sampson, the crack shortstop, who was suspended during the recent faculty trouble. This breaks up the entire infield, for Fenton has been moved to short, Scott to third base and Owen brought in from the field to play second. Scott has been put in Owens' place at left. This is a big handicap, for Sampson was a sure fielder and fast on the bases, besides being a veteran who might possibly save the game in a tight pinch.

Jordan, who will pitch for California, has been on the varsity for four years, and is one of the strongest pitchers they have ever had, having twirled several 9-0 hit games. The team under him will line up as follows: C. Myers, catcher; L. E. Myers, first base; Reed, second base; Smith, third base; Lewis, shortstop; L. Myers, left field; Butler, center field; A. Solinsky, right field.

THE W. P. FULLER BALL TEAM OF OAKLAND, CAPTAINED BY MAURICE MARKOVITZ, A STAR

## HUMBOLDT, IOWA, FARMER WILL GRAPPLE WITH HACKENSCHMIDT, LION OF RUSSIA

Hackenschmidt Lion of Russia, conqueror of big Turks, and Tom Jenkins, a great throw in is expected to see them wrestle. Gotch is confident that he can slow the king of the grapplers. He is a bit nervous, however, and was irritable last night.

The big Russian is one of the greatest specimens of physical architecture in the world. He will weigh about 280 pounds when he goes on the mat to night and Gotch will weigh in at about the same figure.

Not since he began wrestling has Hackenschmidt met his equal. He has defeated the best wrestlers in the world and his friends look for him to win an easy victory from the American champion. The Russian has refused matches with men like Fiedorovich, Fiedorovich and other giants, and some think that he fears these giants of brown black, however, he has always claimed that theatrical engagements have kept him from meeting these men.

The arena where the bout is to be held will hold 12,000, and the receipts are expected to reach the \$40,000 mark.

ALAMEDA COUNTY HIGH SCHOOLS MAY WITHDRAW FROM THE ACADEMIC LEAGUE

BERKELEY, April 3.—The war between the high schools of Alameda county and the Academic League is still on, and is being pushed with great energy by the high school factions. A crisis has been practically reached in the situation, and unless the Academic League accedes to the demand of the Berkeley, Oakland and Alameda High schools, a withdrawal of the Berkeley High school, a delegate from the Berkeley High school, made a strong stand for the high schools.

The Academic League has been given until April 21 to state the stand they intend to take, and unless they do so, they have been warned that they would have to stand the consequences.

Among the students, the wish to withdraw from the league is strong. Principal C. C. James urged the students to boycott the league, and the league has been given a week to decide whether or not to accept the suggestion.

The differences between the high schools of Alameda county and the Academic League are of long standing. Several months ago Berkeley high demanded that 50 per cent of gate receipts be turned over to the schools, and the funds of the track teams were low. Oakland and Alameda joined to the request, and when the league refused it they found more grievances, chief of which was that the representation was in the school of 1000 students as in a school of only 50 students. The league ignored this. Since then Oakland, Berkeley and Alameda schools have been threatening to secede.

If the three protesting schools leave the Academic league they will form a local league.

JONES AND GARRETT WILL BE PITCHERS IN OPENER

Long Will Send His Best Pitcher In to Oppose the Giant of Walt McCredie's Staff.

(By T. P. MAGILLIGAN.)

When the hands of the old town clock turn to 3 tomorrow afternoon, the shrill voice of Umpire Honest Jack O'Connell will shatter the atmosphere with the soul-thrilling cry of play ball, and the 1938 season of the Pacific Coast League will be ushered in.

Portland's Beavers and San Francisco's Seals will be the opposing teams. Danny Long has announced his intention of sending his star line, Mike McCredie, to the firing line. Mike McCredie will pin what faith he has in winning in the pitching properties of Garrett, a big Texan, and a lad with a world of pitching assets.

Mike McCredie is the star of the war-footed boys, while Claude Berry is the monster pitcher of the Seals. A monster parade, led by Jack Gleason, field marshal of the Seals, will precede the game. The players will ride in automobiles and the parade will be through the main streets of the city.

Both Portland and San Francisco will present bold fronts tomorrow. McCredie has been combining the minor leagues for good material and it looks as though he has landed a fair lot of ball-tossers.

Danny Long seems to be the eye that never sleeps in baseball, and he has picked up a nifty looking aggregation of young men.

The prospects for a good season are bright, and the varsity of the Pacific Coast League looking for the best season in the history of the game.

Angels and Oakland.

While the men of McCredie and Long are making war on each other, the San Francisco Seals will be mixing it with Frank Dillon's tigerish bunch at Los Angeles.

Van will likely send Red Bill Wright his best pitcher, to the firing line. Dolly Gray will be the selection of Hen Berry to do the mound honors. Oakland has a fair line-up, and with luck at all favorable they should get close to an early break with last year's league champions.

Scruggs and Altman, new men, will be seen in the line-up of the Com-muters. Altman will hold down the mound, while Scruggs will fill Haley's shoes at second. Jimmy Smith is still out of the game with his injured foot, and Conroy, a New York League recruit, will take his place in left field. A good crowd is expected at Los Angeles.

Cooney Is Neat.

In Cooney McCredie seems to have picked up a neat and peppery little infielder. Cooney is a finger for Nor-man Elberfeld of the New York Americans, and resembles that player in having life, vim and vigor in his fielding. He is in the play all the time, and sends the ball with the noise of a true infielder. Cooney is smallish, pugnacious and full of fight.

He played a pretty game here against St. Mary's yesterday and

## SUGARMAID UNDER WRAPS, WINS OAKVILLE HANDICAP

Burton's Shifty Mare Easily Scores Third Straight Victory --- Ellered, Heavily Played, Makes Good in a Romp.

BY LEE DEMIER.

In Sugarmaid, the Fleur de Lis Stable certainly has one of the most consistent and shiftest breed winners now stable at Williams Park. Most Oakville handcap, yesterday's racing feature, proved only an exercise gallop for this sweet mare, and her backers were never in doubt, as she galloped from wire to wire, scoring her third straight victory with something in reserve. Ellered and Fred Bent were the only two of the other four starters which cut any figure in the running, and after a shake-up at the head of the stretch the former drew away, scoring by length.

Profile, the second choice, was light on edging and taking the lead early won the opening scramble in a romp. Calla easily disposed of El Othros, the favorite for second place.

Tom Hayward experienced very little difficulty in graduating from the main class Miller and the Cunard gelding to the front at the start and was never in trouble. Rosoma under a hard drive outgained Schmoose for the place.

Quite a clean up was made by the wise contingent on the win of Ellered over the third choice, the favorite, Calla. The choice, five lengths for the place.

Wap, the topheavy choice in the fifth, got a flying start and made a runaway of it. He drove the field to the drive of it. Bobby Shafte got up in time to grab the place from Supine.

Cloudlight had the gate in the final sprint and tipped the odds, winning by a safe margin at the end. Silver Stocking easily disposed of Shifano another outsider for second place.

Owner Oswald Danphel offered to sell Heather Scott to Jockey Buxton before the race. The deal fell through, for the race.

Scotty Ferguson and his partner, Joe Wilber, were well known to the throngs of caters and lovers of the thoroughbreds are taking in the game at Williams Park. Mr. Ferguson won a nice bet on Sugarmaid.

Owner H. G. Redwood and his friends edged up on Silver Stocking, place and show.

Trainer C. Buxton and Jockey Buxton are a good pair to spring with.

St. Elmwood has gone back, so says Trainer "Butch" Covington.

Hilbert, with the light impost of 82 pounds was well played by the students of the mainstay.

H. C. Beckwith lifted the selling price of Ellered from \$1500 to \$1600. The horse never had been sold.

The Oakland crowd took Rosoma place and show in the two-year-old race. Jack Cane's filly had no trouble falling.

Season Opens at Alameda Tomorrow

ALAMEDA, April 3.—Unusual enthusiasm is being shown by the local fans of the State League season here tomorrow afternoon. Alameda and Stockton, the champions of the league, will furnish the first bill of the season.

There will be a big automobile parade through the streets of Alameda before the opening of the game.

Stockton has some of the best baseball material on the Pacific Coast, and a great crowd is expected out to see the regular opening.

The grounds are in great condition for the opening and a sunny day is looked for. The railroads will run special excursion from Stockton to Alameda.

Alameda—Broadbent, shortstop; Dewey, left field; Russell, second base; Hartman, center field; Silva, right field; Burns, catcher; Rogers, first base; Hillman, third base; Johnson, Nelson and Peterson, pitchers.

Stockton—Shay, second base; Campbell, catcher; Moriarty, shortstop; Henry Yand, first base; Henderson, pitcher; Hackett, catcher; Murphy, first base; Morrison, right field; Joyce, third base.

## EDOFF SAYS SETTLEMENT IS GROSSLY INADEQUATE

### California Bank Receiver Wants to Realize 60 Per Cent Out of Claim Against Ventura Bank.

James P. Edoff, receiver of the California Bank, has asked the Superior Court for instructions regarding the settlement of the claim of the defunct institution he now represents against the Bank of Ventura, owned by William Collins & Sons, a co-partnership. In a special report filed in the county clerk's office he states that the Bank of Ventura is indebted to the California Bank in the sum of \$171,341.42, and that the guarantee given by William Collins & Sons for the payment of this large amount only represents about \$46,000.

Edoff declares that if the claim against the Bank of Ventura is allowed to go through the regular course of liquidation about 60 cents on the dollar can be realized. He also says that, if the demand is settled under the terms of the resolution adopted by the board of directors of the defunct California Bank which resolution is termed grossly inadequate in the report, that only about 15 cents on the dollar can be realized.

Against Best Interests.

This resolution was passed on November 25, 1907, and Edoff claims the

proposed compromise is against the best interests of the defunct California Bank and contrary to the best interests of the depositors and the stockholders. He prays, in his report, that the Superior Court will order that the claim of the California Bank against William Collins & Sons go through the regular process of liquidation.

No portion of the claim of \$171,341.42 has ever been paid. Under the terms of the resolution adopted by the directors of the California Bank, the Collins brothers, D. Edward Collins, former president of the defunct local institution, and John S. Collins, gave their promissory note for the full amount and guaranteed its payment by offering as security property at Thirteenth and Harrison streets, a ranch in Glenn county, and a certain number of shares of the California Bank and the Central Brick Company. Since the time he became receiver of the California Bank, Edoff says he has investigated the accounts of the Bank of Ventura and found the possible assets to be \$693,365.05, with liabilities aggregating \$447,655.34. Edoff says he does not think that more than \$446,000 can be realized out of the assets.

## COMEDY AT MACDONOUGH

"Brewster's Millions" Company  
Will Open at the Local  
Playhouse Tonight.

To be a poor young man and suddenly have a million dollars thrust upon one, is an experience that we would all gladly undergo, and we would rest content with it. But to find, on the day we inherit, that the first million must be spent in one year, as an absolute necessity to obtain seven more millions, is a happy fate that has befallen only the hero of George Barr McCutcheon's quaint story, "Brewster's Millions." From the book Minchell Smith and Byron Ongley have constructed a dainty comedy which will be presented at the Macdonough's three nights and two matinees, commencing tonight, by Cohan & Harris comedians. Yes, it is a happy fate? Ask "Monty" Brewster. As he enters willfuldom the problem presents itself on the threshold. The million came from his grandfather, who permitted his mother to die in want. His uncle, who hated the grandfather, leaves the much greater fortune in Monte, but with the stipu-

lation that the grandfather's money shall be disposed of first. Monte, remembering his mother, accepts the contract. He must keep the matter a secret.

Thereupon he enters upon a career of extravagance. There are restrictions that make it hard for him. He loves, but such entanglements are forbidden him. His friends come to his aid, not to help him squander it, but to try to save it for him. A bank fails, and brings him joy. He finances an opera company that "has no possible chance of success," and it makes a hit. One of his friends robs him in order to retrieve Monte's falling fortunes, and loses. Brewster, frantically trying to get rid of the money, buys heavily on a falling market, and stocks bound upward at once. He bets on a long shot and wins. He tries Monte Carlo, and breaks; the bank. But eventually the contract is fulfilled, and he is a pauper. He has won the seven millions.

The efforts of Brewster to relieve himself of the fortune keeps the audience in a constant state of laughter. It is one of the most delicious bits that will be offered this season. Yet it is not without its pathos, and there is an undercurrent of human interest that occasionally rises to the surface, and is given with excellent dramatic effects.

## LABORER DRAGGED ONE BLOCK BY CAR

SAN FRANCISCO, April 3.—Crescent Grobato, a laborer living at Taylor street and Montgomery avenue, was severely injured early this morning by being dragged by car 1307 of the Fillmore street line. The man attempted to board the car, which was in charge of Conductor Henry Holmes, and losing his balance, was dragged for one block. He was severely and painfully injured, his clothes being badly torn. His wounds were dressed by Dr. Tillman at the Central Emergency Hospital.

## UPHOLDS VALIDITY CARTWRIGHT LAW

Sacramento Justice Overrules  
Demurrer of Butchers' Protective Association.

SACRAMENTO, April 3.—The validity of the Cartwright anti-trust law was upheld by Township Justice R. M. Clurken in a lengthy decision overruling the demurrer of the Sacramento Butchers' Protective Association, the Western Meat Company and J. O'Keefe, manager of the Western Meat Company, to the complaints of J. Salcedo and A. Robinson, local butchers, who charged the defendants with conspiring in restraint of trade.

For months the independent butchers have claimed that the Sacramento Butchers' Protective Association is acting in restraint of trade. The association at one time amended its by-laws, striking out, it is claimed, all objectionable features, but this action, the independents say, did not add them in getting meat from the Western Meat Company. The decision today is the first act of court in the matter.

Four important points are covered by the decision, the opinion being, briefly, as follows:

- 1.—The Cartwright anti-trust law is constitutional.
- 2.—Violation of this law is in the nature of a high misdemeanor, which class of cases can not be tried before a Justice of the Peace.
- 3.—But examinations by a justice court may be made to ascertain whether or not a breach of the law has been made, and if it is determined, the court may hold the offenders to answer before the Superior Court.
- 4.—The Cartwright law simply adds to and expands the Penal Code's definition of conspiracy and it is not necessary that the new law should repeat the old by express words or implications.

## GOULDS RESORT TO SOFT WORDS

In Last Hope of Dissuading Anna  
From Marrying the Prince.

NEW YORK, April 3.—The last attempt of the family of Mme. Gould to dissuade her from what they believe would be an unfortunate marriage with the Prince de Sagan is now under way. The forlorn hope is being led by Edwin Gould, who was recalled from a business trip to the South when George J. Gould and Miss Helen Gould found they had no influence with Mme. Anna. One of the family advisers admitted today that a last effort was being made to save Anna Gould from becoming "Edwin Gould's princess."

"Edwin Gould always has had more influence over Anna than either George or Helen," said this adviser yesterday afternoon. "He always has seemed to have a better understanding of her nature. It was Edwin who finally brought George to consent to her marriage to Boni. He has humored her and aided her in getting advance allowances when French creditors pressed too hard."

## Edwin Opposes Match.

"Edwin is just as much opposed to Prince Helle as any other member of the family, but he knows how to get around her. She cannot be driven, and if the management of the opposition had been left in George Gould's hands she would be married to De Sagan, probably, before they go back to France. "The younger brother talks smoothly to her. He pets her and makes much of her. If any one can influence her he can. She is quite likely to hold to her own way in the end, but the effort is being made."

It is known that Edwin Gould and his wife, who was Miss Sarah C. Shredy, and whom Mme. Anna has always liked, spent a long time with her Wednesday night. Edwin was in communication with her today. As one of the executives he has talked over their affairs with his attorneys, Coudert Bros.

## MEDICAL LAW TO BE SUBJECT OF LECTURES

Judge Melvin and Dr. Krone to  
Deliver Free Series of  
Discourses.

Dr. Carl R. Krone of the faculty of the Oakland College of Medicine and Surgery, and Judge Henry A. Melvin will deliver a special course of fifteen free

JUDGE MELVIN.

lectures at the college lecture hall, Thirty-first and Grove streets. Members of the medical and legal professions have been invited, and those desiring to attend have been requested by Dr. Krone to send their cards to the chairman of the committee, 1506 Telegraph avenue, in order that adequate preparations may be made for their comfort.

## Anticipate Big Crowds.

Judging from the way acceptances are pouring in, in answer to the urgent R. S. V. P.'s addressed to lawyers and physicians in this part of the State, the titles of the lectures have aroused great interest among professional men.

The lectures begin Wednesday, April 8, and one will be delivered every succeeding Wednesday and Friday until all fifteen lectures have been finished. Judge Melvin will speak from 6 to 6 o'clock in the evening.

Lawyers and doctors express their delight in this opportunity to listen to lectures for which professional men have traveled many long miles and left their calling to hear.

## Physician and State.

The subject of the first two lectures will be "The Relation of the Physician to the State," and the Relation of the State to the Physician," being a historical review of the statutes regulating the practice of medicine in California.

The subject of the third and fourth lectures will be "Christian Science and the Attitude of the English and American Courts to that Practice."

"The Legal Relation of the Physician to the Patient" will be the subject of the fifth and sixth lectures, including a discussion on the suits against physicians for malpractice, privileged communications, and financial liability for treatment of persons attended by physicians.

The seventh and eighth lectures will treat of malpractice, criminal operations and infanticide.

The ninth and tenth lectures will be devoted to emergencies, including discussions of dying declarations, gifts causa mortis, authentic memoranda and commitment of the insane.

Expert Testimony.

"Expert Testimony," with all its varying branches, will be the subject of the eleventh, twelfth and thirteenth lectures. The duties of coroners, autopsy physicians and an exhaustive discussion on insurance will constitute the fourteenth lecture.

Perhaps the most generally interesting of the fifteen lectures will be the last, which will be on "The Medical-Legal Aspect of Crime."

When asked whether attendance of this special lecture course by Judge Melvin on legal medicine would be limited to the medical and legal professions, Dr. Krone said that every person interested in such subjects, man or woman, is heartily invited.

Everybody Cordially Invited to Attend

We want everybody who comes down town Saturday evening to make this store their headquarters. Meet your friends here. Tell them you will meet them in the Piano Department. Have an easy rocker or look through our large establishment. Make yourself comfortable and at home. Look at our Spring opening sale price tags throughout the house. Listen to the music and, if convenient, spend the evening with us.
